RAILROADS YIELDING TO DEMANDS OF WILSON

May Seek Commission to End Future Strikes as Concession If They Grant Demands of Unions in Threatened Tie-Up

HAINES DENOUNCES THE ATTITUDE OF WILSON

Magnates Declare Eight-Hour Day Is Not Demand, but Higher Pay Is Full Meaning of Strike; President in Control

WASHINGTON, Aug. 24.—The railroads, are yielding to President Wilson's insistence on an eight-hour day. After continued conferences today between President Wilson and the select committee of railroad executives, the situation surrounding the threatened strike was described as having narrowed down to the following:

The railroad presidents, at least the select committee of eight, are willing to accept the eight-hour day insisted upon by President Wilson and the trainmen. In return they ask that they be assured as fully as possible that all proper support be given and proper action be taken to assure them a freight rate increase from the Interstate Commerce Commission. They ask also that Congress create a permanent board of arbitration similar to the Canadian commission, to handle future labor difficulties. A commission of this character would be empowered to investigate when labor difficulties arise and the strike could be called or strike vote taken pending its investigation, a full report of which would be made public at its conclusion.

At the close of the investigation arbitration would be suggested, but if not accepted, opportunity would be given to the men to take a strike vote. The balloting would be secret.

LABOR VOTE NECESSARY

These proposals were communicated today by the Chamber of Commerce of the federal board of mediation to the representatives of the men, who apparently regarded them favorably. Judge Chambers then reported to President Wilson and a sub-committee of railroad executives was summoned to the White House.

President Wilson is understood to feel some sympathy for the content demands of the railroads, and not to be averse to the plan. It is expected, however, that a vote of the 640 labor representatives here must be taken before they can receive the necessary endorsement.

Walker D. Hines, chairman of the executive committee of the Santa Fe, issued a statement today attacking President Wilson's plan and characterizing it as preposterous. He declared the president's apparent attitude toward the railroads was "a complete failure of nerve."

"The employees haven't demanded a day of eight hours' work," said Julius Kruttschnitt of the Southern Pacific. "They would work just as many hours as at present, but at much higher cost to the roads."

"If the brotherhoods are willing to work eight hours for a day's pay this controversy could be settled in twenty minutes," said E. P. Ripley of the Santa Fe. "Let them declare for that and I'll take off my coat and put in my best time for them."

Child Heiress to Be Sent Home

In Care of 'Mammy' to Leave Soon for N. Y.

SAN FRANCISCO, Aug. 24.—Louis Davis, the pretty little grammar school girl for whose custody a legal battle is being waged, was delivered over into the care of her "mammy" by Superior Judge Graham this morning with the understanding that she was to be taken within forty-eight hours to her mother in New York. The court proceedings against her will be dismissed. Judge Graham today declined to appoint Mrs. Carolyn Wynn as the girl's guardian and declared he believed she was well able to take care of herself.

BERLIN READY TO FORESTALL ANY RUMANIAN MOVE

Central Powers Would Force War Theater to Enemy Territory.

BERLIN, Aug. 24.—Government circles here, though none too optimistic, view the Rumanian situation calmly, taking the attitude that it is Rumania's next move.

The feeling is that the central powers have done everything possible to bring about peace, and that Rumania, in persisting in a course desired by the entente and her own expansionist party, will find the central powers ready. In this event it is to be expected every effort will be made to insure that the new war theater is on Rumanian soil.

Information from Vienna indicates that the Austro-Hungarian government, bearing in mind the results of the negotiations concerning Italy's claims before that nation entered the war, has been at no time disposed to offer Rumania similar concessions, for fear that this would again be mistaken for a sign of weakness.

At this moment there is not discernible the slightest effort to persuade Rumania to take any other course than the one due to her own initiative. The latest despatch from Bucharest indicates a further cooling off of the war fever.

Criticises German Use of Civilians

PARIS, Aug. 24.—What measures can be taken at the proper time against the emperor of Germany and other persons who are responsible for the suffering of the inhabitants of the invaded cities of Northern France to work in the fields, and what immediate steps France can take in behalf of these people, are questions to be raised by the approaching session of the chamber of deputies. Deputy Boussou, in a letter to Premier Briand in which he severely criticized the acts of the German government toward the invaded region, gave notice that he would interpellate the premier on these subjects.

Spain Considers Case of French in North

MADRID, Aug. 24.—The recent note of the French government to neutrals protesting against the treatment of the French in the north of Africa, Roubaix and Turebourg by Germany will be the subject of serious study by Premier Romanones, so as to permit him to act according to strict neutrality. The premier also will consult other neutral nations regarding their attitude before giving France an answer, he adds.

Presses Crucifix to Lips in Death Plunge

LOS ANGELES, Aug. 24.—With a crucifix pressed to her lips, Mrs. Anna Long of Seattle climbed out of a window on the fifth floor of the Sherwood apartments here today and plunged to her death on the pavement.

Friends of Mrs. Long had spent the night with her in an effort to dissuade her from suicide. She spoke of ending her life several times and it was not until this morning that they decided it was safe to leave her alone. She took the fatal leap a few minutes after they departed.

DYNAMITE CACHED AT VEALE HOME

High Explosive Unearthed by Workmen in Yard of Contra Costa County Sheriff; Plot for Wholesale Killing, Belief

Discovery of Death-Dealing Powder Shrouded by Utmost Secrecy; Authorities Start Probe of Mysterious Find

MARTINEZ, Aug. 24.—What has every evidence of a plot against the life of Sheriff Veale and the members of his family was uncovered here today when workmen employed in cleaning the gardens around the sheriff's home in the center of town unearthed a box of fifty sticks of dynamite, planted within thirty feet of the side wall of the official's home and under ground less than three feet.

Greatest secrecy is being maintained by the county authorities as to what was found when the explosive was picked up. The only available information today was the fact that one of the laborers drove a pick into the top of the heavy case, and, with assistance, brought the fifty sticks to light. The sheriff was immediately communicated with and at once the box and contents were taken to the county jail.

Investigation was at once started to trace the plot back to its source. Like many officials dealing with prisoners, Veale has at times had threats made against his personal safety. Under Sheriff William Veale, son of the official, declared that as yet the find was enveloped in mystery, but declined to discuss the matter to any extent.

Mexican Government Raises Postal Rates

MEXICO CITY, Aug. 24.—An increase in postal rates to take effect September 1 was announced today. In the case of first-class mail, the advance will be from 20 to 25 centavos for letters despatched to the United States or Canada. The charge will be 50 centavos for mail to other countries in the international postal union and 1 peso for letters to countries not included in the union.

Russians Fly Neutral Flag; Trap Germans

BERLIN, Aug. 24.—The capture of the German steamship Desterro, with a cargo of iron ore, was made by a Russian submarine flying the Swedish flag, says The Overseas News Agency. Despatches from Stockholm say the Desterro was seized in Swedish territorial waters, having on board a Swedish pilot, who has been returned to Haparanda. The vessel was taken into Raumo, Finland.

Postoffice Land in Suit for Eviction

Mrs. May A. Kline of 1531 Franklin street was made defendant in an eviction suit, the first of its kind ever instituted in San Francisco, because she has failed to pay her rent to the Oakland postoffice. The property upon which Mrs. Kline makes her residence constitutes a portion of the new postoffice site. The government claims that no rent has been paid since June 1 and on August 15 Mrs. Kline was given one day's notice to move. The action is to recover \$96.25, the rental due to August 21.

San Rafael Capitalist Runs Down Girl

SAN RAFAEL, Aug. 24.—A. W. Foster, former president of the Northwestern Pacific railroad, ran over Alberta Lake, a young girl, with his automobile here this afternoon. The girl was seriously injured and is not expected to live.

Hostile Planes Raid Britannia

East Coast of England Shelled

LONDON, Aug. 24.—The east coast of England was visited again last night by a hostile airship, which dropped bombs in the fields but did no damage. The British official statement concerning the raid says:

"A hostile airship crossed the east coast shortly before midnight last night. A number of incendiary and some high explosive bombs were dropped in open fields. No damage is reported. The airship went to sea again before 1 o'clock this morning."

Last night's Zeppelin visit and others of the past few weeks are believed to have been reconnoitering flights for the purpose of testing out England's new air defenses, in preparation for a great aerial attack.

For the last fortnight word has been coming from Germany of the construction of huge Zeppelins, capable of carrying several tons of explosives. The German correspondents hinted that these new sky dreadnaughts would make a landing in London early during September and October, when weather conditions are apt to be favorable. Zeppelins found the weather so favorable during September of last year that they made five raids on England in that month.

Price of 'Sinkers' Now Takes Jump

Even the patrons of the "coffee and establishment" may be hit by the increased cost of living, for following an increase of 3 cents a dozen in the price of doughnuts, buns and similar pastry decided on by the California Bakers' Association, these items will be sold at a price of 12 cents a dozen. The bakers have decided to leave bread at the 5-cent-a-loaf price, but the loaf will be noticeably smaller. The price of the bakeries will weight twelve and a half ounces, instead of fourteen ounces or more, as heretofore. If another cent is added to the price of flour, though, the bakers say they will be compelled to abandon the 5-cent loaf and put out instead a somewhat larger loaf for a dime.

Oakland Witnesses in Gaffney Trial

Two Oakland witnesses, Pedro Santini, a barber of 2568 San Pablo avenue, and his wife Lucy were called to testify in the Gaffney trial for murder when the defense began presenting evidence before Judge Franklin Griffin in San Francisco this morning. Mrs. Santini was called to testify in favor of James Gaffney, the Torturici suspect on trial for murder when the defense began presenting evidence before Judge Franklin Griffin in San Francisco this morning. Mrs. Santini was called to testify in favor of James Gaffney, the Torturici suspect on trial for murder when the defense began presenting evidence before Judge Franklin Griffin in San Francisco this morning.

Husband Loses in Race for Divorce

Explaining that her husband had deserted her with the intention of going to Reno to start a divorce proceeding, Mrs. Margaret V. Peterson was today awarded an interlocutory decree of divorce from L. G. Peterson. She said that she had "beat him to it," by commencing action here before he had established a residence in the Nevada divorce colony.

St. Louis & S. F. Railroad Reorganized

JEFFERSON CITY, Mo., Aug. 24.—Articles of incorporation for the reorganization of the St. Louis and San Francisco Railroad Company were filed in the office of the secretary of state here today and a charter immediately was issued. The capital stock of the company is \$450,000,000, of which \$200,000,000 is preferred shares, valued at \$100 each. The remaining \$250,000,000 represents common stock. All directors of the reorganized company are from St. Louis.

Los Angeles Woman to Be Sponsor of L-6

LONG BEACH, Aug. 24.—Mrs. W. R. Monroe, 837 West Twenty-eighth street, Los Angeles, has been approved by Secretary of the Navy Daniels as sponsor of the submarine L-6, which will be launched here August 31.

DEUTSCHLAND ARRIVES AT HOME PORT

Cargo Diver Reports That She Had No Trouble on 4200-Mile Voyage and Submerged Only 110 Miles on Whole Trip

BEIRN, Aug. 24.—The German commerce submarine Deutschland eluded at least eight English warships and a whole fleet of American fishing schooners, in the employment of the allies, when she dashed out to sea from the Virginia capes on the night of August 2, it was learned here today, on the arrival of the Deutschland at her home port.

Great crowds greeted Captain Koenig and his crew when the first submersible to cross the Atlantic returned to her home port at Bremen last night.

Captain Koenig had no fear of the allied warship patrol when he steamed southward from Baltimore, but he had not counted on the American schooners, hired to help trap his vessel. Passing out of the capes, the Deutschland encountered a great number of these schooners lying just outside Chesapeake Bay. The schooners had dropped their nets, ostensibly to fish. Their real purpose, Captain Koenig said, was to make a soundings for the Deutschland, aiming to signal allied warships if the submarine plunged through their nets.

Italians Active Along Isonzo Front

BERLIN, Aug. 24.—The Italian artillery is displaying increasing activity along the Isonzo front, according to the Austrian headquarters report of August 23. No important infantry engagements anywhere along the Austro-Italian front are reported in the announcement, which says:

Liner Slips to Sea to Welcome Bremen

BREMEN ON WAY. THE HAGUE, Aug. 24.—The submarine Deutschland was slightly damaged on her return trip from the United States, according to Bremen despatches. How many French warships were engaged in the patrol, he did not know.

Cargo Diver Bremen Expected in U. S. Soon

COPENHAGEN, Aug. 24.—The submarine Bremen, sister ship of the Deutschland, will arrive in America within a few days, Director Lohman of the German Consulate told a German newspaper man at Bremen today. The Ocean Company has received a message from the Bremen since she left port, he added.

Slav Warship Damaged by Internal Explosion

BERLIN, Aug. 24.—A Russian torpedo boat of the largest and most modern type was badly damaged by an explosion off the Courland coast August 22, according to information received by the Overseas News Agency and given out today.

Ludwig of Bavaria Apoplexy Victim

Aged Ruler's Condition Considered Grave

PARIS, Aug. 24.—King Ludwig III of Bavaria has been stricken with apoplexy and his condition is grave, according to a report from Switzerland, says a Rome despatch to the Petit Parisien.

FRENCH REPULSE GERMAN BLOWS NEAR SOYECOURT

British Claim Foe's Efforts on Somme Fail With Big Losses.

PARIS, Aug. 24.—Two German attacks near Soyecourt, southeast of the Somme, preceded by intense artillery fire, were completely repulsed by the French in last night's fighting, it was officially announced today.

The first attack, by German grenade parties, was repulsed by machine gun and infantry fire. The Germans retired while their artillery prepared the way for a second attempt southeast of Soyecourt. French gunners laid a steady barrage fire across the intervening ground and prevented the Germans from leaving their trenches. The French repulsed several surprise attacks.

On the right bank of the Meuse, north of Verdun, the Germans bombarded positions recently captured by the French on the Fleury-Thiaumont front. The French took five officers and 250 men prisoners on this second day of the attack.

French aviators brought down four German planes during the day. The statement says:

China Students in East in Conference

ANDOVER, Mass., Aug. 24.—Residents of China now engaged in studies in this country gathered at Phillips Academy today for a week's series of meetings and entertainments. The occasion was the twelfth annual conference of the eastern section of the Chinese Students' Alliance.

BULGARS IN NEW STAND ALONG PATH OF ALLIES

Struma River to Be Scene of Heavy Battle, Believed, as Entente Forces Near Lines; Clash at Macedonian Front

DEAD STREW GROUND IN WAKE OF INVADERS

Central Powers Aim Attack at Saloniki Artery in Effort to Cut Off Enemies' Means of Receiving Reinforcements

LONDON, Aug. 24.—The drive of the Bulgarian army against the allied right flank on the Macedonian front apparently developed into a sharper clash with the entente forces and greater losses to them than had previously been indicated, judging from the official report received today from Sofia. A severe defeat was administered to General Sarrafi's troops along the Struma river on August 21, the statement declares.

The Bulgarian forces have now entrenched themselves on the east bank of the Struma and along the highway to Seres, according to French official reports today. The result of the battle in the way of an allied advance along the most direct route into Bulgaria. The French war office gave out an official announcement.

Infantile Paralysis Condition Improved

NEW YORK, Aug. 24.—Health department officials were encouraged by today's report on the infantile paralysis epidemic, which showed a substantial decrease in the number of deaths and new cases.

Hawaiian Estate Manager Is Suicide

HONOLULU, Aug. 24.—The body of William G. Oge, manager of the Hawaiian Agricultural Company's plantation at Pahala, on the island of Hawaii, who had been missing since last Monday, was found lying alongside his automobile. A revolver was clutched in his hand and a bullet wound in his head told the story of how death had come.

BULGARS, IN ALLIES' WAY, AWAIT FRAY

East Bank of Struma, in Line of Entente Advance, Scene of New Entrenchments; French Claim Several Gains Today

Central Powers Aim Attack at Saloniki Artery in Effort to Cut Off Enemies' Means of Receiving Reinforcements

(Continued From Page 1)

ern Greece, was announced by the Bulgarian war office in a statement issued yesterday at Sofia. The statement says the entente forces took flight, leaving the ground covered with dead, and that up to the time the statement was issued the bodies of more than 400 dead had been counted. Ammunition and supplies, including eight machine guns, were captured by the Bulgarians.

The ground near the villages of Enikuey, Meyory and Towlova was covered with enemy dead. We have counted thus far 400 enemy corpses, among them several officers. We captured 250 prisoners.

A squad of hostile cavalry, lured into our fire by the maneuvers of our cavalry, was literally annihilated.

French attacks directed for ten days against our positions south and west of Dolan lake have failed completely. This probably is the reason why General Sarraill reports the capture of places which have always been in the hands of the allies. Like the railroad station at Dolan and the village of Doloud-yell, which has now been abandoned by the enemy. Our troops buried fifty French dead on this sector.

On the right bank of the Vardar, we captured a hostile detachment near Nayaadagn and took one machine gun, the French leaving several dead. Our right wing continues its operations.

LONDON, Aug. 24.—The ancient Greek city of Seres, forty-three miles northeast of Saloniki, is under attack by a strong Bulgarian force, according to Athens despatches today.

The Greek garrison is co-operating with French forces in defending the city. French artillery is replying vigorously to a heavy Bulgarian bombardment, while the Greeks, under command of Colonel Christophoulos, are throwing up intrenchments. The Seres garrison is being reinforced by small Greek detachments, which retired upon the city after spirited fighting with numerically superior Bulgarian forces.

On virtually every other sector of the Balkan front the Bulgarian offensive has been brought to a standstill. The Serbs have yielded but little ground on the left wing since their first retirement. Anglo-French forces are consolidating and improving their positions in the Dolan region on the center.

The Bulgarian drive southward against Seres, a city of 35,000 inhabitants, has created a new and more critical situation at Athens. If Seres falls the Bulgars virtually will have cut off all the Greek troops operating in Eastern Macedonia, a territory highly prized by the Bulgarians.

These Greek detachments, in the event Greece enters the war, could rejoin the main Greek army only by a march along the seacoast and across a narrow isthmus formed by Thachino lake and the sea.

If you want better street car service SIGN the Charter Amendment Petition now being circulated by the Citizens' Committee, Federal building, Oakland.

No Births in City For Next 2 Weeks

That Is Only Officially, Statistician Away

For two weeks no one is to be born in Oakland. For the same period of time no one is to die. Both of these very necessary and natural functions are now impossible—officially. The birth and death rates—the city's vital statistics—will remain at a standstill for a period of two weeks; there will be neither increases nor decreases, through nature's agency, that is, for that period of time.

And this is all due to the fact that an efficient young woman by the name of Catherine Kelly is entitled to a vacation from her post as stenographer in the Oakland Board of Health. She will be away two weeks; officially, there will be no births, no deaths, until she returns, for there is no one in the Board of Health who may do her work, that of compiling daily the vital statistics.

Thus do the whims of Man transcend the elements of Nature: births and deaths, as it were, are sacrificed to make a holiday.

Greek S. F. Envoy Sues for \$750,000

N. Y. Journalist Made Libel Defendant

NEW YORK, Aug. 24.—Solon J. Vlasto, president of the Greek newspaper Atlantis, has a \$750,000 suit for libel on his hands today and a little note which reads: "Many thanks for the beautiful meal."

The editor, challenger in many duels, is being sued by Kianthi Vassardakis, Greek consul-general at San Francisco, for alleged defamation of character. The gallant Vlasto is worried more over missing a dinner engagement with two young women at the Vanderbilt last night than he is over the suit.

He was arrested just before the hour of his appointment with his guests, and when he got cash bail, three hours later, they had vanished, leaving only the note of thanks and the check for the "beautiful dinner."

Austrians Unearth Ancient Treasure

Accumulation of Seven Centuries Taken

GENEVA, Aug. 24.—The Austrians, according to a special despatch from Innsbruck, have found the famous treasures of the Detshani monastery near Cetinje, Montenegro, which the monks had buried upon the approach of the invaders. The accumulations were those of seven centuries, consisting of jewels and old coin of every generation since the thirteenth century. Golden vessels and richly embroidered vestments. The value of the whole accumulation is estimated at several million pounds.

It is said, adds the despatch, that a peasant betrayed to the Austrians the catacombs where the treasure was secreted.

Plan Betterment in Border Mail Service

SAN ANTONIO, Aug. 24.—That the soldiers may get the fastest possible mail service on the border, Inspector Bunn has been sent to this city. He said:

"The postoffice department realizes what an enormous volume of mail has been thrown on the small postoffice at the border towns. There is a little postoffice at Llano Grande, Texas, now handling 14,000 pieces of mail a day, while before the soldiers came the daily run was four pieces."

CALIFORNIA GUARD AFRAID OF 'ENEMY'

One Dead, Sixty Injured in Encounters With Army Mules.

HEADQUARTERS CALIFORNIA NATIONAL GUARD, NOGALES, Ariz., Aug. 24.—Fifteen California soldiers are in the camp hospital here today suffering from casualties inflicted by the "enemy."

Private Oscar Peterson, Battery A, Utah Artillery, was killed and the total wounded exceeded sixty.

The "enemy" was not Mexican snipers, but mules the War Department has furnished contingents for hauling camp supply wagons. Because animals so completely depleted one Fifth Infantry platoon, troopers began calling them the "enemy."

Peterson was killed in the head two days ago and died without regaining consciousness.

Two hundred mules have arrived here during the past week. Most of them are unbroken.

A sudden sharp thrust by a steel-shod hoof is called a "flank attack" by guardsmen.

Troopers were delighted today when one of the newly arrived "enemy," attempting a flank attack, struck the bayonet point of a guardsman's rifle. This is the only official casualty among the "enemy" thus far.

AERO SQUAD FOR MEXICO ORDERED

Six Planes Purchased for New Station; Commander Is Appointed.

SAN ANTONIO, Texas, Aug. 24.—Formation of an aero squadron to replace the first squadron which was ordered to join General Pershing when the pursuit of Villa was begun has been ordered at Fort Sam Houston. The new unit will be known as the Third Squadron and will be commanded by Major R. D. Foulois.

The squadron is intended for service in this country and will be equipped with six bi-planes with twin 80-horsepower motors. The six planes have been ordered, but only one has been received by the government and given practice trials. The other five are expected in a few days.

Fort Sam Houston, which was designated as an aero station several months ago when the United States squadron was ordered here from Ft. Sill, Okla. Major Foulois, then a captain, was in command of the squadron and made flight from the Ft. Sill station to Ft. Sam Houston.

VILLA'S DEATH IS RUMOR ONCE MORE

Conflicting Reports Reaching Border Concerning Bandit.

CHIHUAHUA CITY, Aug. 24.—Conflicting reports as to Villa were received here today by General Jacinto Trevino. One despatch said that the bandit chieftain, traveling incognito, is in hiding with a few of his men in the hills near Naya, Durango.

Reports are current along the Chihuahua-Durango border that Villa was poisoned early in July by nurses who had been attending him. Little credit was given the latter report here, however, although General Trevino pointed out that if Villa is dead his name probably is being used by his adherents to inspire among ranchmen of the neighborhood.

Official reports that Villa had died in the vicinity of Parral, July 9, of poisoning, presumably blood poisoning resulting from his wounds, were received recently by Andres Garcia, Mexican consul at El Paso, but were not generally credited.

BRITISH TOLD OF NEW SUPER-ZEPS

Latest Dirigibles Have Great Carrying Capacity and Speed.

LONDON, Aug. 24.—In a speech at Bury St. Edmunds last night Baron Montagu of Beaulieu, former vice-chairman of the joint naval and military board, told of new monster super-Zeppelins which Germany is building. He said:

We have obtained details of these super-Zeppelins. The principal feature of the craft are a capacity of 2,000,000 cubic feet, a length of 750 feet, a beam of 80 feet, a speed of 80 miles an hour, a cruising speed of 35 miles an hour and a radius of action of 3000 miles. The engines, six of each of them have a total of 16,000 horsepower.

The airship can carry a load of bombs of five tons. They are able to ascend 17,000 feet. They are armed with machine guns at bow and stern and on one of the envelopes. They carry a crew of thirty-five.

These particulars show how largely the Germans are relying on Zeppelins as a means of harassing us. Two of these craft already have been completed and four will be available in October.

KAISER TO FLOAT FIFTH WAR LOAN

Issue Price Will Be 98, in Common With Other Subscriptions.

LONDON, Aug. 24.—Arrangements have been completed for flotation of the fifth German war loan. An exchange Telegraph despatch from The Hague says the loan will be issued September 4 and the interest rate will be 5 per cent, as in the case of the previous loans. Subscriptions will be received until October 5. The issue price, the despatch says, will be 98.

Count Von Roedern, secretary of the imperial treasury, has instituted measures to "The drive the loan, which, the despatch says, is being described by canvassers "as the last war loan," former issues of war bonds may be turned in as subscriptions.

The fourth German war loan was issued in March. It was sold at 98½, as against 99 for the third loan. An issue price of 98 for the new bonds would indicate that Germany, in common with other belligerents, is being compelled to offer a higher price for its funds as the war goes on.

Veterans Gather at Pantages Show

One of the most inspiring, and at the same time one of the most touching scenes ever witnessed on the streets of Oakland greeted downtown pedestrians last night when, escorted by a file of husky young American soldiers, the old soldiers of 1861 marched from Memorial Hall, the Grand Army headquarters in the city hall, to see the veteran fighters of Uncle Sam go through their drills and modern fighting exercises.

Led by their post commanders and Lieutenant J. M. Justice of the army of the Potomac, "The Outpost," a scene of the soldiers who, under orders of Lieutenant Colonel John M. Gardner, of the San Francisco Recruiting District, are presenting "The Outpost," a scene from army life, to show the public what the boys in khaki do in camp.

The procession, under the guidance of Sergeant Walter Burgess, proceeded to the Pantages, where the demonstration was given. Lieutenant Justice appeared on the stage, showing the difference between his old musket, and the modern Springfield. The Grand Army forces were in command of the parade, but the veterans, being lame, were unable to march in the parade, but assembled beforehand at the theater.

Jury Hears Argument in Vaughan Trial

Arguments were commenced today in the trial of George Vaughan, who is charged with the murder of George Barnett at Sunol last month. The case went to the jury late this afternoon.

Vaughan, who is a member of a well-known New Orleans family, pleaded defense. He testified that he believed that Barnett was going to do him great bodily harm when he rushed towards him during a quarrel over a poker game. He then, he said, obtained a revolver and shot Barnett. After that he made no attempt to escape and was taken into custody.

The trial developed that both men had been drinking and the witnesses of the tragedy were unable to remember some of the details of the tragedy in exact form.

Deputy District Attorney Myron Harris made the opening argument. He was followed this afternoon by Attorney McMurry for the defense, while Assistant District Attorney J. M. Koford made the closing argument.

Russians Lose 5000 Men; Germany Only 80

BERLIN, Aug. 24.—A correspondent of the Cologne Gazette on the Russian front says that in the fighting near Borezena in East Galicia between August 14 to 17, the Russians lost 5000 killed, while the total German casualties was 80. "If the enemy continues to squander enormous quantities of ammunition in addition to suffering heavy losses his final exhaustion is inevitable," the correspondent says.

OAKLAND SAILOR DROWNED. Louis Wilson, sailor, was drowned today when he fell from a gangplank on the schooner A. N. Simpson at San Pedro. Wilson had been in the schooner for 32 years and was a native of Denmark.

If you want better street car service SIGN the Charter Amendment Petition now being circulated by the Citizens' Committee, Federal building, Oakland.

Kings Daughters Plan for Celebration

In commemoration of the nineteenth anniversary of the King's Daughters' Home, the members and friends of the organization will hold

a birthday reception tomorrow from 3 to 5 o'clock in the afternoon at the Institution, 3900 Broadway. A general invitation has been extended to the public to inspect the new wing, under construction, and to see the work that is being done there for incurables.

Mrs. Matilda Brown, Mrs. C. C. Advertiser.

Clay and a number of other prominent east bay women are on the board of the home and will assist in receiving.

Remnants HALF-PRICE

As a rule we devote the last Friday of every month to the selling of remnants at exactly one-half of the marked prices. This announcement always means a crowd, because it is realized that when we say half price we mean it. This sale involves everything in yard goods—silks, velvets, wash goods, white goods, ribbons, laces, embroideries, linings, flannels, draperies, etc.

Odd Pairs of Curtains HALF-PRICE

A very satisfactory collection of Marquisette, Voile, Nottingham, Irish Point and Scrim Curtains will be sold Friday at exactly Half Price. Some are soiled, but none of them permanently damaged. Come early in the morning if you are interested. Fourth Floor.

Damaged Hose 5c to 35c a pair

We have on hand several dozen pairs of Hose that are damaged in various ways—most of them very slightly. They are not saleable as first quality and we have decided to close them out regardless of real value or cost. All kinds—cotton, fibre silk and real silk. Come early for best selection.

Children's Sweaters 89c

A real bargain—you'll agree when you see them. Coat style with collar and pockets—some have belt. Cardinal, Copenhagen, white and gray. Sizes 22 to 34. Fourth Floor.

Girls' Dresses \$2.95

Blue serge dresses. One-piece middie and belted effects with sailor collar and embroidered shields. Trimmed with colored braid. \$2.95 a close-out price. Fourth Floor.

45-inch voile flouncing with a 12-inch embroidery design, 27-inch baby flouncing—some with hem-stitched edge and embroidery cuffs with just embroidery edge. Wonderful at 29c a yard.

Neckwear Clearance—18c

We quote this low price in order to close out several dozen pieces—rings and ends. Single collar sets and various novelties. The Star Bargain price is less than original cost.

Centers or Shams 45c ea.

White linen centers finished with two-inch hem-stitched hem. We stamp initials FREE. Can be used as pillow shams. Second Floor.

Brieux Urges French Matrimonial Bureau

PARIS, Aug. 24.—Eugene Brieux, member of the Academy of France, author of "Damaged Goods," with a view to encouraging marriage after the war for the purpose of multiplying French homes, urges today the establishment throughout France of official matrimonial bureaus and the direction of the Mayors of towns and villages. He says:

Many young men are willing to marry moneyless girls and many young girls are willing to marry poor or miltated men, but the marriages do not occur because the men and girls do not meet.

The trial developed that both men had been drinking and the witnesses of the tragedy were unable to remember some of the details of the tragedy in exact form.

Deputy District Attorney Myron Harris made the opening argument. He was followed this afternoon by Attorney McMurry for the defense, while Assistant District Attorney J. M. Koford made the closing argument.

Russians Lose 5000 Men; Germany Only 80

BERLIN, Aug. 24.—A correspondent of the Cologne Gazette on the Russian front says that in the fighting near Borezena in East Galicia between August 14 to 17, the Russians lost 5000 killed, while the total German casualties was 80. "If the enemy continues to squander enormous quantities of ammunition in addition to suffering heavy losses his final exhaustion is inevitable," the correspondent says.

OAKLAND SAILOR DROWNED. Louis Wilson, sailor, was drowned today when he fell from a gangplank on the schooner A. N. Simpson at San Pedro. Wilson had been in the schooner for 32 years and was a native of Denmark.

If you want better street car service SIGN the Charter Amendment Petition now being circulated by the Citizens' Committee, Federal building, Oakland.

CALIFORNIA OUTFITTING CO.

"Good, Isn't It, Grandpa?"

"Yes, Sonny, Postum is good, and much better for you than coffee—you'll know why, sometime. In fact, children should never drink coffee or tea—and most grown-ups would be better off without either.

"In coffee and tea there's a drug that is harmful, especially for children, and it often causes troublesome conditions in older folks.

POSTUM

is fine for both children and grown-ups. It is made from good wheat, roasted with a little wholesome molasses—nothing to hurt anyone.

There's a delightful flavor in Postum—the pure food-drink for those who want to be healthy and happy.

"There's a Reason"

APPEAL TO PEOPLE IN SCHOOL ROW

Hayward Trustees to Pass
Board Differences to Voters
After Long Period of Strife;
Kindergarten Now in Doubt

Principal Mabrey, Trustee Rus-
sell and Mrs. Rosenberg Oc-
cupy Center of Controversy
About Instruction to Children

HAYWARD, Aug. 24.—With threats of personal violence, accusations of untruthfulness, of garbling reports and possible disruption, the Hayward grammar school rumput, with the ousting of Principal E. N. Mabrey as one of the issues, will enter another stage with a public mass-meeting called for next week. At this meeting, according to Mrs. Enid Rosenberg, a school trustee, the question to be considered is to be whether the majority of the people of the community wish to establish a kindergarten and to give manual training and domestic science to the curriculum of the schools.

The school board, by a majority, recently decided to ask the supervisors to permit the levying of a tax to raise \$10,000 for installing kindergarten, domestic science and manual training. Trustee F. J. Russell, who, with his supporters, forms the minority in the board, immediately presented a petition to the supervisors requesting that the levying of this tax be not permitted. While this matter is under advisement by the supervisors, the Hayward school board electorate will be given an opportunity to express its views.

Personal differences between the members of the school board and between Trustee Russell and Principal Mabrey and their supporters have entered into the controversy and have threatened to disrupt the board.

Replying to an accusation by Mrs. Rosenberg that he had made kindergarten training part of his platform before the school board election and had opposed their introduction after he was elected, Russell said he favored the teaching of these subjects, but under the supervision of Principal Mabrey.

"I am determined to get Mabrey out of his position," said Russell, "and that will be done at the next election, when the personnel of the school board is changed."

ACCUSES DIRECTOR.

Mrs. Rosenberg, who has all along expressed her complete confidence in Principal Mabrey and of the school administration, has countered the attack upon the principal by accusing Russell of confusing reports of school board meetings of saying untruthful things about Mabrey and of getting votes by misrepresentation at the school board election.

"I discovered Trustee Russell making statements in expressing my private sentiments on school matters at last meeting of the board. He then gives out my conversation for publication as though I had spoken as trustee at the meeting," declared Mrs. Rosenberg. "I am highly indignant at his attempting to garble reports of meetings by this means. It is quite true that I said Trustee Russell had said things about Principal Mabrey which were not true. I also hold that Trustee Russell got votes by misrepresentation at the election by declaring himself in favor of kindergarten, manual training and domestic science and then changing his opinions after the election."

Continuing, Mrs. Rosenberg said: "I think I am voicing the sentiment of the people when I say this community wants these subjects added to the curriculum. I would be perfectly willing to stop trying to have them introduced if I thought otherwise."

TO HOLD CONFERENCE.

A conference will be held between the Hayward and Mt. Eden grammar school boards this evening to discuss the legalizing of the attendance of children at the Mt. Eden school, who live in the Hayward school district. It is proposed to effect this by having a portion of the Hayward school district, lying on the western side of the Southern Pacific railroad tracks, added to the Mt. Eden school district or have the Mt. Eden board receive appropriations which the educational appropriation which goes with the Hayward children who attend the Mt. Eden school.

Wedding Fee \$1 Fixed by Groom

Now Judge Prowse Is
Gloomy

HAYWARD, Aug. 24.—Marrying before a magistrate instead of in churches does away with stage fright and leaves the bridegroom in a cool, calculating frame of mind, to the detriment of the justice's marrying fee.

So concluded Justice of the Peace Charles Prowse as he mournfully handled a single dollar left him by a grateful and prosperous bridegroom. Hitherto Judge Prowse held a different view. He believed the joy and happiness of a wedding day would "loosen up" even the tightest bridegroom to the extent of a \$5 wedding fee. The regulation fee is \$3, but most grooms usually present a \$5 gold piece, the magistrate finding.

Thus it was with pleasurable anticipation that Judge Prowse after marrying a prosperous appearing young couple replied "I'll leave it to yourself," when the groom asked the charge. The munificent sum of \$5 was forthcoming and the happy couple departed congratulating themselves on economizing by being married in court instead of in church. Judge Prowse is now considering posting a notice: "Marriages performed for \$3; terms strictly cash."

POLICE CONSTRUCT BOMB IN EVIDENCE

Rebuild Theory in Iron Ready
for Jury Trying Case of
Billings.

SAN FRANCISCO, Aug. 24.—An infernal machine with cap and battery attachment was left in the private office of Chief of Police White this morning.

Concealed in a suitcase placed flush up against the wall, the latest pattern and construction, shiny in its newness and with its contrivance set a speedy explosion, was quietly deposited in the office of the chief of police. The bomb was in ignorance of its presence close at hand, but before the time set for the alarm to go off and the little current of electricity to communicate itself to the percussion cap, Lieutenant Duncan Matheson slipped quietly in through the door and warned his chief of what was about to happen.

The bomb was prepared by the bureau of investigation and was not intended to destroy the hall of justice. It was made to display to the jury which will be selected on September 11 to try Warren K. Billings, one of the five alleged bomb-planters who on that day face his accusers on one of the indictments for murder, the result of the preparedness parade holocaust.

Reconstructed from the bits picked up at the scene and from the knowledge of experts in the ballistics attachments is complete in every particular. The setting of the alarm sends a current of electricity through the cap and instead of an explosion a buzzer tells of the successful working of the machine. There is also fitted a glass tube containing chlorate of potash so that if the bomb were to be dropped instead of exploded by the alarm clock the tube would break and acting with sugar would set off the nitro-glycerine.

It is the theory of the police that the suitcase was filled with shot, iron washers, nails, etc. Sergeant Charles Gough, Matheson's chief lieutenant in the bomb bureau, was sent back to the traffic squad this morning.

Silverman Buys Savoy Shoe Store

M. Silverman, for more than eleven years with the Savoy Shoe Company, has bought the Savoy Shoe Store at 1008 Washington street and will conduct the store under the name of Reliable Shoe Store.

"As the name implies," said Silverman, "I shall always sell reliable shoes at reliable prices."

LADIES CAN WEAR SHOES

One size smaller after using Allen's Foot-Powder, the antiseptic powder for the feet. Shaken into the shoes and used the foot bath, Allen's Foot-Powder makes tight or new shoes feel easy, gives instant relief to corns and bunions, prevents chafing, itching and sore spots. It's the greatest comfort discovery of the age. Try it today. Sold everywhere. 25c. For FREE trial package, address Allen S. Olmsted, Le Roy, N. Y.—Advertisement.

LUMBER HANDLERS IN NEW WALK-OUT

Open Shop Plan of Retailers
Follows Act of Union
Men.

SAN FRANCISCO, August 24.—With the walk-out of forty union men from the yards of Pope & Talbot and twenty union stevedores from the yards of the Loop Lumber Company, another strike against the union lumber handlers is in full progress, and by the end of the week probably 300 men will be affected.

The trouble has arisen over the employment of non-union stevedores. Immediately following the walk-out, thirty-eight members of the Retail Lumber Dealers' Association, composing practically all the retail dealers in the city, signed an agreement to maintain the open shop. The signatories agree to hire only stevedores furnished by the newly organized American Stevedoring Company, which is being conducted on open-shop principles.

"This means the end of the closed shop, as far as the thirty-eight retail dealers are concerned," said Benjamin W. Reed, manager of the Santa Fe Lumber Company and president of the American Stevedoring Company. "The agreement affects practically all lumber dealers doing business out of this port. The open shop policy is in force from now on."

The lumber yards were closed almost completely from July 1 to the end of the week of the previous stevedores' strike. This time, according to the various managers, there will be no interruption to business.

The latest development of the open-shop policy in San Francisco will not affect the lumber yards on this side of the bay according to local dealers. "We do not anticipate any further trouble," said J. K. Nelson, manager of the Sunset Lumber Company. "We have been running open shop on this side of the bay for years, and there is no necessity for us to take any such action as the San Francisco association has done."

Manager G. B. Waddell of the E. K. Wood Lumber Company declared that there will probably be no local disturbance. "With the exception of one yard," he said, "the lumber dealers of Oakland are running on the open shop principle. I have heard no intimations of trouble here."

Pretty Danseuse Not Missing, Says Mother

SAN FRANCISCO, Aug. 24.—That Miss Winifred de Wolfe, the pretty danseuse who "disappeared" so mysteriously in New York several months ago, has been living quietly in this city for some time, the home of her mother, Mrs. Edgar de Wolfe, of 3801 Van Ness avenue, became known today when it was learned that she has just departed for New York to join Theodore Kosloff, the Russian dancer, as a member of his company.

It is said that Mrs. de Wolfe refused to allow her daughter to appear with Kosloff on the stage that caused the girl to leave the apartments in New York where she was living with her mother. Mrs. de Wolfe returned alone to San Francisco in the early part of July and announced that her daughter had written to her from Australia, where she was filling a dancing engagement.

Kosloff is now in the East and it is said by friends of Miss de Wolfe that when she departed on Tuesday from this city she went to join him, possibly with the reluctantly granted consent of her mother.

Convicts to Work on Highway in Valley

SACRAMENTO, Aug. 24.—Although no definite action has been taken by the state highway commission, it has been authoritatively stated that as soon as the winter snows drive the 350 convicts working in Modoc, Lassen, Sierra, Mendocino and Plumas counties out of the higher altitudes, they will be scattered throughout the Sacramento and San Joaquin valleys to do the first maintenance work on the 1400 miles of state highway completed under the \$18,000,000 bonding act. Money turned over to the state by the motor vehicle department will be exclusively in the upkeep of roads already constructed.

The Highway Commission authorized the shipment of fifty more available convicts to the state camp near Sacramento to work on the lateral out of the county center toward Red Bluff.

Japanese Troops Stand Heat Well

TOKIO, Aug. 24.—American military men drilling on the Mexican border in terrific heat may cool off when they hear that 2000 Japanese soldiers marched and maneuvered for twelve days in Formosa and the Perceadores with the mercury mounted as high as 130 degrees Fahrenheit. And only three cases of sunstroke were reported during the entire period.

The first nine days were spent in constant marching, the troops covering 100 miles. Because of the heat the soldiers were permitted to wear any clothing they pleased. Some wore helmets, some straw hats, some a knitted undershirt or a thin kimono.

The maneuvers were deliberately held in the intense heat, in order to give the experts a chance to study the best way to handle men under such conditions.

Farmers Want Share of Milk Sale Profit

WORCESTER, Mass., Aug. 24.—A movement to organize the farmers of the country into a national association to get the federal government to investigate the production and marketing of milk so that the farmers may get their share of the profits was started here today at a meeting of about 300 milk producers representing the Massachusetts pure milk league and the Worcester county milk producers association.

Oil Tank Burns; Big Loss Is Reported

BEAUMONT, Tex., Aug. 24.—Lightning ignited a 37,500 barrel steel tank of gasoline belonging to the Gulf Refining Company at Port Arthur last night. The loss is estimated at more than \$300,000.

PORCUPINE BOMBARDERS AUTO. GRAND JUNCTION, Colo., Aug. 24.—T. S. Callahan picked twenty-seven quills out of one of his motor car tires after he had pursued a porcupine for several miles on a road near here yesterday. The animal was killed. The porcupine discharged a bombardment of quills as the machine came close in its pursuit, according to Callahan.

Steamfitters Plunge From High Rigging

Denny Dahlgren, a steamfitter, of 1190 Sixty-third street, was gravely fatally injured today when a fellow workman fell upon him following the collapse of a scaffold which dropped three mechanics to a concrete pavement at the Western Sugar Refining Company in the Potrero, San Francisco.

The others hurt were John McIntyre, a steamfitter, 1056 Mississippi street, San Francisco, contusions and lacerations, head, face and body; J. Parsons, helper, lacerations of both feet.

The three men were pulling up a

heavy pipe to a staging when the support suddenly gave way, sending them headlong. Dahlgren struck on his head and side but might have escaped serious injury had not McIntyre fallen on him, crushing his abdomen and causing internal injuries and rupturing from which it is thought he cannot recover. The injured were taken first to the Potrero hospital and later to the German hospital.

WILL GIVE WHIST PARTY. SAN PABLO, Aug. 24.—Members of the congregation of St. Paul's Catholic church will give a whist party Monday night. The party will be given for the benefit of the church, under the direction of Mrs. Mary Lucey.

G. A. R. Delegates to Attend Fiftieth Session

Delegates to the fiftieth anniversary convention of the Grand Army of the Republic in Kansas City will leave tomorrow afternoon at 2 o'clock at the Oakland mole. Members of the local organizations will assemble there and at the Sixteenth street station to bid "bon voyage" to those who will represent the Department of California and Nevada at the convention.

Among those who are to attend the convention are Department Commander A. E. Leavitt of San Francisco, Assistant Adjutant-General John Roberts, Department President Anette Gayard of the Ladies of the Grand Army, and De-

Dr. Kleeman Fails in Suit for Service

Dr. George E. Kleeman, who has been involved in the courts for the last year in different controversies with members of his family, has lost a suit he brought against his mother, Mrs. Natalie Kleeman, and his sister, Mrs. Estelle Jarvis, to collect a doctor bill of \$305. Superior Judge Waste has decided that the parties in action had made no bargain as to the bill for the services.

Some time ago Dr. Kleeman sued his mother for a partition of the estate of his father, the late Dr. George Kleeman of San Francisco, who left large property holdings. Later he caused his brother to be sent to a state institution. Department President Mrs. Carlin of the Woman's Relief Corps.

HIBERNIANS CLOSE STATE CONVENTION

New Officers Chosen; San Francisco Chosen for Next Session.

SAN DIEGO, Aug. 24.—The forty-second annual convention of the Ancient Order of Hibernians and Ladies' Auxiliary of California, which opened here Monday, has come to a close with the election of officers and the selection of San Francisco as the meeting place next year.

Officers elected by the Hibernians were: William Boyle, San Francisco, president; Patrick Flannigan, San Francisco, vice-president; M. E. Griffiths, San Jose, secretary; Thomas R. O'Day, San Francisco, treasurer; Father Ellis, Sacramento, chaplain.

The Ladies' Auxiliary elected the following officers: Marie Forrester, Los Angeles, past president; Hannah Malloy, San Francisco, president; Agnes P. Tierney, San Francisco, vice-president; Mary McCarthy, San Francisco, secretary; Mary Cox, Oakland, treasurer; Anna Corcoran, Sacramento, mistress-at-arms; Bezie Shaw, San Diego, sentinel.

A banquet last night was the concluding feature of the convention.

Lodge Session Sees Admissions Contest

CLEVELAND, O., Aug. 24.—In a battle which saw the members of the third National Fraternal Congress of America divided in bitter strife, the forces of the Woodmen of the World, which had petitioned for re-admission to the congress, were defeated. At the close of a session which lasted more than five hours it was announced that the petition had been rejected 184 to 142.

The Woodmen of the World left the congress two years ago because of disagreement with the legislative policy of the congress.

Remarkable Woman of Greece Dies

Royalty Mourns "Uncrowned Queen"

Sophie Tricoupis Political Power

ATHENS, Greece, Aug. 24.—Sophie Tricoupis, one of the most remarkable women of modern Greece, is dead. She had been termed "The Uncrowned Queen of Greece," appellation fully warranted by the facts, for it is doubtful if even the Empress Eugenia ever exercised so much direct control over the destinies of France as this woman did over the fate of modern Greece.

She was a daughter of Spyridon Tricoupis, the first premier of free Greece, and the sister of Harilaos Tricoupis, who during the last quarter of the nineteenth century completely dominated Greek politics. As a child she made the acquaintance of Lord Byron, who was a familiar friend in her father's house and it was her father who pronounced the funeral address over the coffin of the English poet. Her youth was passed in London, where her father was Greek Minister, but on the entry of her brother into the political arena, she returned to Athens and took up her place at his side. Nor did she ever leave him, remaining unmarried, she devoted her entire time to aiding him in his political work and in looking after his personal comfort.

A woman of striking appearance, she was the more conspicuous by the fact that she never changed the style of her clothing from the date of the death of her father in 1873. She retained even the early Victorian fashion of doing her hair and in her later years resembled nothing so much as a dignified come to life. The house which she and her brother occupied was a very small one but in spite of that, some of the most distinguished political figures of the nineteenth century passed through its drawing room. The present emperor of Russia, Edward VII, and Queen Alexandra of England, King Christian IX. of Denmark were only a few of those who were the guests of this remarkable woman.

But her relations with the distinguished visitors to Greece were wholly political. She had no social ambitions and the ordinary balls and social gatherings of Athens never saw her. She was not only the inspiration but the active co-worker of her brother, and knew quite as much about politics as did he and it was frequently to "Madam Sophie," as she was called, that those who had some political proposal to make addressed themselves rather than to the minister himself.

With the death of her brother, however, she ceased all political activity and retired to a secluded life which she permitted nothing to disturb. She was over eighty years old when she died.

Appendicitis was the cause of her death. Her body was interred in the vault beside that of her distinguished brother, who he had died only in absentia. According to her wishes there was not even a coffin, and no one was present at the funeral save the members of her immediate family.

OFFICERS CHOSEN BY EVANGELISTS

International Association Is Gathering to Discuss Work of Year.

WARSAW, Ind., Aug. 24.—Officers were elected and the future of evangelism was discussed at the annual meeting of the International Association of Evangelists at Winona Lake, Wis. The Rev. H. B. Williams of Winona Lake was elected president. Other officers include Vice-Presidents Rev. Billy Sunday, Rev. M. H. Lyon, both of Winona Lake; Rev. W. E. Biederwolf, Monticello, Ind.; Rev. Herbert O. Hart, Madison, Wis.; and Rev. Charles T. Wheeler, Chicago; General Secretary and Treasurer Rev. P. E. Zartman, Winona Lake.

Members of the board of directors elected include Rev. John S. Hamilton, Cleveland; Rev. C. E. Hilles, Kahoka, Mo.; Rev. Bob Jones, Montgomery, Ala.; Rev. Oscar Lowry, Cedar Falls, Iowa; Rev. J. C. Lindgate, Wheaton, Ill.; Rev. Francis Oliver, Kansas City, Mo.; Rev. Charles R. Scoville, Chicago; Rev. Daniel Story, Winona Lake; Rev. J. E. Honeywell, Oak Park, Ill.; Rev. J. H. McCombe, Oak Park, Ill.; and Rev. E. C. Miller, South Bend, Ind.

The Rev. Herbert O. Hart, in addressing the association today, made an appeal for the sensible and spiritual evangelism instead of the cheap, vulgar and sensational kind. He urged that care be taken in giving statistics regarding evangelistic campaigns and that the attention be given to the financial end of the business.

Funeral Is Held for Oakland Theater Man

The funeral of Henry L. Auerbach, soldier and actor, was held this morning under the auspices of Tien-tai Post No. 85, Veterans of the Foreign Wars. Auerbach, well-known in theatrical circles in Northern California, had suffered for some time from the influenza which caused his death. He died at the home of his brother, Charles Auerbach, 1652 Sixteenth street.

Auerbach was the youngest sergeant in Battery A of the California Heavy Artillery, and saw eighteen months' service in the Philippines with the volunteer corps. Following his army service, he began his stage career. He also over the Orpheum circuit of theaters.

He was a member of the White Rats Actor Union of Mission, Native Sons of the Grand Army of the Republic, Veterans of the Foreign Wars. Surviving him are his widow, Ethel; a brother and sister, Charles and Mary Auerbach. The funeral took place from the Wooltix parlors. The body was removed to Home of Peace Cemetery, San Mateo county, for interment. Auerbach was 35 years old.

City Milk Inspector Dies of His Injuries

Stewart Miller, milk inspector in the health department, who was injured in an automobile accident near Benicia, died this morning at the Merritt Hospital from internal injuries and shock. Four crushed ribs, one of which penetrated a lung, are supposed to have been the immediate cause of death.

Miller was 21 years old and formerly a student at the University of California. He had only been in the employ of this city for a short time. Funeral arrangements have not yet been completed.

With Miller in the automobile was Dr. C. C. Wing, city veterinarian and a assistant in the health department, who sustained but a few minor bruises. The younger man was at the wheel of the machine when it overturned and was pinned under the steering gear. A burst tire is supposed to have caused the accident.

SEEK MISSING AUTOIST.
SAN MATEO, Aug. 24.—Kenfield Jensen, the 17-year-old boy who was run down and killed by a speeding automobile a few days ago, came to his death at the hands of persons unknown, according to a verdict returned by a coroner's jury here.

District Attorney Franklin Swart told the jury that he had information which probably would result in the arrest of the guilty parties.

If you want better street car service SIGN the Charter Amendment Petition. Petition circulated by the Citizens' Committee, Federal building, Oakland.

Woman Mows Hay at Age of Eighty-four

COCKEVILLE, Tenn., Aug. 24.—Mrs. Nellie France, aged 84, who lives near Beaver Hill, mows her own hay. "Aunt Nellie" enjoys remarkably good health. She has a splendid garden, which she has made herself, doing all of the hoeing. While her hay was being mowed she went to the hay field and asked permission to drive the mower, which was being pulled by two large mules. Her request being granted, she made several rounds in the large hay field. She did the work with steady nerve and insisted upon driving longer, but the overseer fearing that she would over-exert herself prevailed upon her not to do so.

The following day, however, she donned her sunbonnet and went back to hay-field and raked hay all day.

She frequently rides horseback from her home to Monterey, a distance of eight miles.

"Superwoman" Signs Eugenic Register

SAVANNAH, Ga., Aug. 24.—Susan Myrick, beauty and athlete, the first superwoman in America to enroll in the eugenic registry, organized by the national eugenic conference, comes from Milledgeville, Ga.

The idea of the registry is to get a list of human thoroughbreds, tested for physique and mentally. Beautiful boneheads don't count and high foreheaders on puny physical specimens are equally taboo.

Chief Engineer for Edison Inventions Dies

ORANGE, N. J., Aug. 24.—Emil Herter, for thirty years Thomas A. Edison's chief mechanical engineer in the laboratory at the West Orange plant, who had worked on many of Edison's important inventions, died here yesterday. He was 50 years old and a member of the Society of Mechanical Engineers.

OUR BASEMENT STORE IS ALWAYS CHOCK-FULL OF ECONOMIES

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Drugs are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cocaine," "Cocaine Syrup," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*

ARGENTINE REGIME NEW EXPERIMENT

Country Will Face Its First
Radical Administration When
Dr. Hipolito Ingogen Takes
Oath of Office on October 12

Wealthy Ranchman to Rule
Southern Nation Eliminating
Old Form of Government to
Instill Ideas of His Own Party

Buenos Aires, Aug. 24.—When Hipolito Ingogen takes the oath of office October 12 as president of Argentina, his country will start in on one of the biggest experiments ever undertaken by a republic. Dr. Ingogen will head the first radical administration in Argentina.

What the doctor's idea of "radicalism" is, nobody knows. He has made no speeches. He has written almost nothing. He has never defined his position. What he intends to do, as president, not one of his countrymen can guess. Nobody knows whether he is Pan-American.

The Radical party was organized in Argentina to fight for fair elections. It has never had any other platform. "We have ideals," leading members of the party say, "but no program."

There are even reports that Dr. Ingogen will issue a manifesto soon dissolving the party itself, now that an honest ballot, as he is said to believe, has been guaranteed. This, however, is mere surmise.

TRUSTED IMPLICITLY.
The doctor was elected president because a majority of the voters trusted him personally, implicitly and blindly.

Those who believe in him consider him Argentina's greatest man. His opponents regard him as extremely dangerous, and look forward to his administration with the gravest misgivings.

Dr. Ingogen is about 60, a tall, powerfully built, imposing man, and very dark. His blood is Spanish Basque, with a slight Indian strain, some say.

He is smoothly shaven, except for a very thin black mustache. Popular rumor is that its thinness is due to the doctor's custom of extracting the white hairs, which are reported to have appeared so numerous in recent years as to leave but a scattering representation after their elimination.

The new president began life poor. He is self-educated but did his work so well that today he is a highly cultivated man.

Most prominent South Americans possess some academic degree, emitting them to the prefix of "Doctor" before their names. Ingogen is spoken of as "Doctor" because he is prominent. The title is one of courtesy. He lacks the degree.

WEALTHY RANCHMAN.
He is now very rich. His wealth was accumulated in successful land transactions. By occupation he is a ranchman on a huge scale. Part of his time he spends on his "estancia" in the country; the rest at his very modest residence in Buenos Aires.

For a long time, for pure recreation, he held the professorship of "civic instruction" at the Buenos Aires Escuela Normal de Mujeres, or Normal School for Women. His salary for this work he turned over regularly

'I WANT FIVE SHOTS, NOT ONE, AT THAT BIG BUCK'

So Says This Picturegamer, Who Is Also a Mighty Hunter

"I want a Reply Book," a reader writes to the Picturegame Editor, "because I want to make many answers to the pictures, and the Reply Book way looks like the easy way to me. The cheap way, too. No one has to convince me that it is good sense to submit all the good titles for the pictures that I find in the paper. You'll never find me cutting down my list of good titles, and trying to hit the big prize buck with one shot. Not I—I am somewhat of a hunter, and I know that it is better to have FIVE shots at a deer than ONE shot. I am more likely to hit a deer if I pump five well-directed shots at him than if I let fly with one well-directed shot. There's no argument there—I KNOW it. Therefore I am going to take two or three or four or five shots at every picture."

U. S. Works in Alaska to Save Native Race

WASHINGTON, D. C., August 24.—With the aid of special appropriations granted by Congress during the past two years, Secretary Lane of the Department of the Interior, through the Bureau of Education, has been able to make considerable progress in checking the ravages of disease among the natives of Alaska. The government has recently opened a well-equipped hospital in Juneau for native patients, and small hospitals are maintained at three other centers of native population. A number of physicians and nurses have been employed. Teachers in the public schools are supplied with medicines and medical books to enable them, in the absence of a physician, to treat minor ailments. An investigation made several years ago showed that, without this work in disease prevention on the part of the government, the native race in Alaska would soon die of tuberculosis and other diseases.

Dr. J. Nevitt Steele, Theologist, Succumbs

NEW YORK, Aug. 24.—Dr. J. Nevitt Steele, trustee of the General Theological Seminary, president of the Alumni Association of the seminary and at one time vicar of Trinity church here, yesterday in his sixty-seventh year.

Dr. Steele, who was chaplain of the Daughters of the American Revolution, was born in Caracas, Venezuela, where his father, J. Nevitt Steele, a leading lawyer of Baltimore, was United States consul.

to the Sociedad de Beneficencia, or "United Charities" of Buenos Aires. Twelve years ago a president who was his personal enemy caused his removal from this post in the normal school.

He had never held it since.

For twenty years he has been the Radical party's leader. His authority has been absolute. His opponents within the party's ranks have been few and far between.

"His mere presence," as one of his admirers expresses it, "is magnetic." Twice he has been concerned in attempted revolutions. One was very nearly successful, but both finally failed through premature exposure.

Ingogen himself was never arrested in connection with these attempts. He had not never held it since.

ascertained, he continued to live in his home in Buenos Aires.

Policemen Shot in Row Over Apartment

KANSAS CITY, Mo., Aug. 24.—Resisting attempts to eject him from apartments he was occupying, Dr. Fred M. Larkin, collector of ancient and curious weapons, opened fire with a pistol upon two policemen and in an exchange of shots killed one of them. Larkin was killed. Philip B. Neff and Glenn Marshall, patrolmen, were probably fatally wounded, and Mrs. Maude Echord, living in a nearby apartment, was struck and wounded slightly by a stray bullet.

Edison to Call Navy Advisors to Meeting

WASHINGTON, Aug. 24.—Thomas A. Edison, chairman of the navy's advisory board, was asked by Secretary Daniels to call a meeting of the board in Washington, September 19, to consider questions of organization under the new naval appropriation bill and the construction of the proposed \$1,500,000 experimental laboratory.

VANCOUVER WOMEN ANSWER REVEILLE

Neat Khaki Skirt and Blouse
in Military Array in
North.

VANCOUVER, Wash., Aug. 24.—Reveille at Vancouver barracks at 6:30 this morning awoke a large company of young women members of the women's military camp, many of whom probably for the first time in their lives had spent a night under canvas. The military call to duty was the beginning of two weeks of training in Red Cross work and military duties that the women will take.

Vancouver barracks has been virtually deserted for some time, or since the United States troops, usually stationed here, were sent to the Mexican border. Hence, the women had the most largely to themselves with the exception of their instructors and a small detachment of regulars who guard the post. It was the bugler for this detachment who woke the women.

The women were allowed a half hour for donning their neat khaki uniforms of skirt and blouse. Then came a half hour of calisthenics, in the nature of setting up exercises which all army recruits are drilled in. Then came breakfast. Classes of military and semi-military nature were to be held from 8 o'clock on, about having been allowed to breakfast to noon. Dinner was served after that. In the afternoon there were to be more classes as well as recreation.

The students entered with zest into a program of military calisthenics, surgical dressings and bandage-making classes and scientific bed-making. Each student in turn will be called upon to do guard and inspection duty. Officers of the day are in direct charge of the encampment. The recruits are divided into companies, each with a captain and two lieutenants.

Why Most Women Prefer a Modern Gas Range

GAS RANGES were awarded Gold Medals at the Panama-Pacific Exposition. Such recognition is an unprejudiced evidence of superiority, and supports our claims that no Ranges excel Modern Gas Ranges in durability, economy, efficiency. This, then, is the reason that more of these Ranges are in use than any other line manufactured—that women prefer them to any other.

That you may know more of the advantages of the Range we describe herewith some of the special and exclusive features they possess.

THEY BAKE BETTER
No other ranges bake so evenly and quickly because they cannot have the same even construction. It is a patented and exclusive feature.

BEST EQUIPPED
The snow white porcelain paint with which all cabinet style Gas Ranges are equipped make them not only sanitary but beautiful. Porcelain Enamel and Burner Tray provided.

EASIEST CLEANED
The rich, velvety, baked-onite black finish which requires no stove blacking and the rounded smooth castings take the work out of cleaning.

MOST ECONOMICAL
You can bake and broil at the same time as one set of burners heat both oven and broiler. Modern Gas Ranges are planned for gas-saving.

THEY LAST LONGER
The material used in construction has been selected after making exhaustive tests. Modern Gas Ranges are planned to give years of useful service.

BEST COOKING TOP
Made the right size so all the top burners can be used without crowding. Five burners provided, a giant simmering and three regular burners.

WONDERFULLY CONVENIENT
Oven, broiler and grill easily removed. The burners lift 2 or 3 inches. Gas valves are adjustable to any gas pressure. They are simplicity and perfection combined.

GAS-SAVING BURNERS
Complete burners and in use place. No parts to vary or alter gas to secure. They are shaped so air can mix readily with the gas and produce the best flame.

PACIFIC GAS AND ELECTRIC COMPANY

PRESSURE OF GAS CAUSED EXPLOSION

Inquest Concerning Accident Which Killed Hercules Co. Employee Shows Per Cent of Mixture Was Excessive

Firm Which Supplied Tank for Oxyhydrogen-Welding Process in Which Barry Was Killed Is Held Responsible

RICHMOND, Aug. 24.—That the oxyhydrogen welder tank which exploded at the plant of the Hercules Powder Company on July 17 and killed James Barry contained 50 per cent hydrogen gas, when 3 per cent was considered the limit of safety was the testimony given today by Warren H. McBryd, assistant superintendent of the plant, at the inquest held by Coroner C. C. Abbott. Barry was the seventh victim of explosions of similar tanks which occurred within three consecutive days in different parts of the state.

Testimony showed that the tank which exploded at Hercules came from a San Francisco firm, and that it was shipped about the same time as others which exploded recently. McBryd told of tests which were made on a number of other tanks which were sent. Some were found to exceed the safety limit in pressure of hydrogen.

Expert testimony as to the percentage of gas which is safe to handle with the oxyhydrogen welding apparatus was given by Professor Edmund O'Neill of the University of California, John M. Quinn, who was working with Barry and was injured by the explosion, testified as to the fact of the accident. John Barr, a foreman, and Henry Von Vollen, superintendent of the acid plant at Hercules, gave accounts of the explosion. Dr. F. J. McCusker of Pinole told of Barry's death.

The inquest is still in progress this afternoon. The jury is expected to bring in a verdict before evening. If responsibility for the accident is fixed upon the company that sent the tanks, the matter will be taken up by the Industrial Commission.

OFFICERS NAMED FOR Y. M. C. TERM

Grand Council Ends Santa Cruz Session With an Election.

SANTA CRUZ, Cal., Aug. 24.—The California Grand Council of the Young Men's Institute, in session here, has elected the following officers:

Archbishop Edward J. Hanna, San Francisco, honorary grand chaplain; the Rev. Theobald J. O'Connell of San Jose, grand chaplain; Anthony Schwann, Los Angeles, grand president; Ignatius D. Dwyer, San Francisco, grand first vice-president; M. C. McFarlin, Oakland, grand second vice-president; Leo Cavanaugh, Vallejo, grand treasurer; George A. Stanley, San Francisco, grand secretary; W. R. Hughes Jr., Stockton, grand marshal; Clarence J. McFarlin, San Francisco, grand inside sentinel; Albert R. Latta, Pasadena, grand outside sentinel; F. Buckley, San Francisco, Thomas P. Caldwell, Sacramento, George V. Norland, Oakland, Leo M. Rosecrans, Los Angeles, Edward F. Drew, San Francisco, D. J. Lucey, Port Costa, and Edward Glutlin, San Francisco, grand directors.

ACTRESS RELATES ABDUCTION STORY

Former Roommate of Evelyn Nesbit Tells Weird Tale to Police.

SAN FRANCISCO, Aug. 24.—While Miss Angela Barnes, former roommate of Evelyn Nesbit and witness at the Thaw trial, known on the stage as Angela Vincent, is resting in St. Mary's Hospital and receiving treatment for a black eye, a swollen jaw and numerous welts on the body, the police are investigating the truth of a wild story of abduction and imprisonment she related last night to Detectives Thomas Reagan and Leo Bunner, who found her in the Enterprise Hotel, 1141 Market street.

Miss Barnes, it seems, is the mysterious woman who telephoned to the police Monday night, claiming that she had been detained somewhere on Eddy street. In the midst of her communication, the phone was hung up brusquely as though she had been interrupted.

According to Miss Barnes' tale, she came out of a Market street theater on Sunday evening and chartered a jitney for a ride in the fresh air. At Third and Market three well-dressed men stopped the jitney, climbed aboard and ordered the driver to turn about and go out Eddy street.

Uric Acid Poisoning!

The most eminent physicians recognize that uric acid stored in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called "Anuric," which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain "Anuric" at any drug store and get relief from the pains, and the blood about by uric acid, or send Dr. Pierce 10c. for trial package "Anuric"—many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you—Advertisement.

DANCER STUDIES COSINESS SHE MIXES ART AND SCIENCE

Alice Betty Clemo, freshman at University of California, one more classical dancer to join the colony at Berkeley.

Alice Clemo, U. C. Co-Ed, Has Own Ideas of Inspiration of Greeks

BERKELEY, August 24.—Is higher mathematics an aid to the proper interpretation of classical dancing? Would the knowledge of the logarithm system of the Theory of Cosines be a greater stimulus to art than the weird poems of Poe or Wilde, the legends of the early Greeks, or the works of Browning? Miss Alice Clemo, fair dancer, is going to find out. She has just entered the University of California, and is enrolled for a good stiff "math" course. Her ambition, however, is to be a dancer, and the mathematics is purely incidental. Whether she thinks a mathematical

DIVER'S CARGO SENT FROM HERE?

Shippers Say Rubber Was Consigned to Under-Sea Boat Via Oakland.

A cargo of rubber that lay for several days in Oakland, before being rushed across the continent in a special train, under secret orders, is now in Germany. If the reports of the safe arrival of the undersea freighter Deutschland are true, that the cargo, valued at a million marks, was consigned to the Deutschland when it left Oakland was declared after the special train had left Oakland for the east. It is admitted that the Deutschland carried a large rubber consignment across the Atlantic, and railroad men in Oakland said that there is little doubt that this is the mysterious one that left Oakland.

The rubber cargo was shipped from the Dutch East Indies to San Francisco, consigned on shipboard to the Asiatic Trading Company. On its arrival in Oakland it was loaded and started east, the destination being kept secret at Oakland pier at the time. Later it was declared that it had gone to an agency in Philadelphia. The cargo was the largest rubber one ever transferred at this port.

Shortly after the cargo had left Oakland it was stated in the Chamber of Commerce offices by several shipping men that the rubber had without a doubt gone to Philadelphia, and that a large portion, if not all, would be taken on by the Deutschland. Germany's need for rubber is one of its worst needs, and that there is little doubt that the rubber has supplied this need for the time being, and that it is therefore of special value to Germany.

Prohibition amendments were considered this afternoon at the regular meeting of the Berkeley branch of the California Civic League, held at 2:30 o'clock at Unity Hall. The speakers were E. C. Gandler, who was on the affirmative side, and Andreas Shubert, president of the Italian-American Bank of San Francisco, and director of the Anti colony, who supported the negative.

CHURCHILLS IN BATTLE FOR FUNDS

Mother Accuses Son, in Action of Conduct Hostile to Interests.

Sensational charges that her son, guided and controlled by his wife, had sought to gain possession of her property, including the famous To Kalon vineyard in Napa county, are being probed by the courts of Napa county, and several local attorneys are today going into phases of the proposed suit, as the result of the filing of a complaint by Mrs. Mary W. Churchill, heir to the greater part of the big estate involved.

Mrs. Churchill accuses her son, E. Wilder Churchill, with having conspired with his wife, Mrs. E. Wilder Churchill, noted beauty and society favorite, to defraud the elder woman out of \$400,000. She demands restitution of all her property and a complete accounting.

The younger Mrs. Churchill was a member of the Women's Board of the Exposition, and is well known in Bay society.

TALKS TO WOMEN.

The feature of this afternoon's meeting of the Thirty-sixth Assembly District Woman's Republican Club was a talk by Mrs. Ida Finney MacKillop on the recently held woman's congress at Denver, Colo. The meeting was held at the Fairview hotel, 2400 Fruitvale avenue, and interested a large audience of Republican women and their friends.

"Watch-It-Get-Em" Ant Dandruff—is slow acting—does not kill instantly, but sets the pest as well as the parent. Does not lose strength. Proficient non-poisonous—no danger to children, house pets, or foodstuffs. Send for trial can. Ask your neighbor, who sent it. At your dealer's. Accept no substitute.

WIFE OF PROF. AWAITING SON

Offspring Fails to Come to Aid of Mrs. Lida B. Simpson, as Stanford Savant's Widow Sits in Cell Longing for Boy

Woman Prostrated as Result of Progeny's Non-Appearance in Answer to Her Appeals to Aid Gaining Freedom

Donald W. Simpson, son of Mrs. Lida B. Simpson, widow of a Stanford University professor, in prison on a charge of having murdered James H. Edelen, money broker of 1828 Seventh street, out of \$600 in a check transaction, has not arrived in Oakland, and his present whereabouts are not known. According to telegraphic advices received by his imprisoned mother, he was to have arrived here from Los Angeles on the steamer Harvard yesterday. He has not put in an appearance.

The mother is prostrated as a result of her son's failure to put in an appearance. Immediately after her arrest Monday evening she sent him a telegram in Los Angeles, telling of her plight and asking that he come to her. He answered, saying that he would arrive here on the steamer Harvard, which docked in San Francisco yesterday. He was not among the passengers when the vessel docked.

Mrs. Simpson steadfastly refuses to discuss the circumstances which led to her arrest. Since her incarceration she has refused to speak to the police officers who have been detailed on the case, and has made no statement beyond intimating that she was in prison as the result of "persecution."

Edelen charges that Mrs. Simpson, who was formerly in his employ as confidential secretary, cashed a check for \$600, using for the purpose a check which he had given her at the time she worked for him to be used in the payment of a small sum to someone of his customers. The check bears his signature. The police say the woman deposited the money in the Central National Bank to her account. The alleged defalcation was discovered by Edelen on August 8. Mrs. Simpson is charged with grand larceny.

Glendale Republicans Plan Hughes Rally

The Republicans in the Glendale district, upper Fourth Avenue Terrace, will gather Friday night at the Glendale clubhouse and hear a number of addresses on the campaign issues.

The Glendale Hughes-Fairbanks Republican Club has invited candidates for the assembly, state senate, Congress and county supervisor to appear.

The Glendale community clubhouse is one of the best in the city.

FOOTLUCK PRISONERS ARE ROUTED

Great Battle Fought Near Mosul Results in Victory for Slav Forces, Which Take Prisoners and Booty in Fight

Constantinople Claims Czar's Troops Defeated at Mighi in Two Desperate Assaults, Losing 3400 in Killed

PETROGRAD, Aug. 24.—Russian troops have defeated four Turkish divisions (80,000 men) in a great battle near the village of Rachta, near Mosul, capturing two entire Turkish regiments. It was officially announced today. Much cannon and other booty was taken. The official statement says:

Our offensive west of Lake Van is developing. North of the town of Mush we occupied the region of the village of Arindovank. In the direction of Mosul our troops defeated four Turkish divisions in the region of the village of Rachta. Two regiments were surrounded and taken prisoners. One of these regiments surrendered in a body with its commander and staff, cannon and machine guns being captured. Teutonic forces have begun determined attacks against the Russians who recently forced their way across to the west bank of the Tigris in the vicinity of Rudja-Chedsche, to the northeast of Kovel. Today's announcement by the war office says:

Yesterday the enemy opened a fierce artillery and machine gun fire on our positions near Tobola, on the west bank of the Stokhod, thirty-eight miles northeast of Kovel. In the afternoon enemy columns commenced the attack, but were driven back by our rifle and machine gun fire.

The presence of Turkish troops on the Zlota Lipa (Galicia) is disclosed by prisoners taken.

CONSTANTINOPLE, Aug. 24.—The repulse of a Russian attack on the Turkish position along the Caucasus front with a loss of 3400 Russian troops, is reported in the Turkish official statement today. The announcement follows:

On our right wing, separate attacks on our Turkish advanced positions were repulsed by counter attacks with considerable enemy losses. In the Ognot sector alone the Russians lost 3000 men and 2000 machine guns. In the Turkish positions at Mighi, we counted 400 killed.

Women are especially invited to the meeting.

U. C. Campus Cries for Peace Class 'Strife' Too Much For Faculty

BERKELEY, Aug. 24.—The submarine war, declared on the opening day of the semester at the University of California by the sophomores, has reached the stage where the non-combatants have raised a cry for peace.

Those who declared war have been asked to meet the peace party, otherwise known as the senior peace committee, today, and discuss ways and means for an honorable cessation of hostilities.

The call for the meeting was issued by the peace committee and there are no indications that a cessation of hostilities is wanted by either party to the conflict.

The meeting will be held on North Hall steps and every preparation is being made to protect it from any guerilla warfare which might involve the senior class.

The peace committee has issued a statement which would indicate that like other peace advocates they would not only control the action of the body, but would be falling in that, control the location of battles and put the silence on the 42-centimeter guns.

This is the note: "Will the sophomores kindly the trust placing in them and avoid causing disturbances near the classrooms?—Senior Peace Committee."

ROAD PROTESTS UPHELD BY CITY

Lincoln Highway Terminus May Be Improved by County Funds.

On motion of Commissioner W. J. Baccus, the Council today upheld the protest of property-owners along the Foothill boulevard, who objected to the proposal that highway for a three-mile length at their expense. Practically all of the property owners on the street signed the protest.

Baccus announced after the meeting that he would immediately take steps toward securing the county funds to be used in improving the street, which forms the Pacific terminal of the Lincoln highway.

The county has just received something like \$60,000 in vehicle fees of one kind or another from the Lincoln highway. The county probably plan to spend that money in road improvements in the districts of Supervisors Hoyer and Murphy, not give a cent to Oakland. The property owners of Oakland pay seventy-five per cent of the county's expenses. It is believed that a great deal of this money should be expended for the improvement of Oakland's streets. It will take several months before getting some of this money for the improvement of the boulevard of the Lincoln highway, committee of the Oakland Chamber of Commerce, asked the council to take action on the protest.

It certainly is not a good advertisement for this city to make these thousands of dollars enterprising into the Lincoln highway from all parts of the country travel over such a road. "We have much poorer roads than most cities in the state," he said.

James P. Taylor, a coal dealer, asked the Council today to permit him to discontinue the protest, explaining that the European war has caused a shortage of ships and that the city is in need of a water shipment of coal since October of last year. He explained that he now has no use for the wharf. The request was referred to the city attorney and the commissioner of revenue and finance.

Robert Martland, general chairman of the "Safety First Week" committee, asked the council to permit the organization of a "Safety First Week" on lamp and boiler wire positions on the streets. The request was referred to Street Commissioner Baccus. Martland also asked the council to hold demonstrations in the City Hall plaza. The request was approved by Council and the City Attorney.

The request that Cypress was to be improved between East Eighth street and Elmwood avenue was referred to Commissioner Baccus.

Fruitvale Residents Hear G. O. P. Candidates

Candidates for nomination to various offices appeared last night at a rally given by Mr. and Mrs. E. M. Anderson, 1828 Divisadero avenue, and after a number of addresses were heard, dancing and refreshments were enjoyed by all present. Some two hundred neighbors gathered on the lawns and verandas to hear the speeches.

McGinnis, August 23, 1916, Carnie, beloved wife of Louis Monnet, mother of Mrs. A. P. Baumgartner, Mrs. H. M. Swallow, Mrs. L. Monnet, a native of Bern, Switzerland, aged 70 years, 8 months and 27 days. (Yuba papers please copy.)

Friends are respectfully invited to attend the funeral services Friday morning, August 25, at 10 o'clock, at the home of Mrs. C. H. McGinnis, 1828 Divisadero avenue, corner Walker avenue, Oakland. Cremation.

McGANN—In Richmond, Cal., August 21, 1916, Mrs. Johanna McGann, widow of the late John McGann, a native of New York, aged 74 years, 3 months and 10 days. Member of Lyon Lodge, No. 8, G. A. R. (Los Angeles papers please copy.)

McGANN—In Richmond, Cal., August 21, 1916, Mrs. Johanna McGann, widow of the late John McGann, a native of New York, aged 74 years, 3 months and 10 days. Member of Lyon Lodge, No. 8, G. A. R. (Los Angeles papers please copy.)

McGANN—In Richmond, Cal., August 21, 1916, Mrs. Johanna McGann, widow of the late John McGann, a native of New York, aged 74 years, 3 months and 10 days. Member of Lyon Lodge, No. 8, G. A. R. (Los Angeles papers please copy.)

ALAMEDA, Aug. 24.—City Physician Arthur Hefron, who attended R. Watson at the Emergency Hospital last night for sudden collapse due to illness, later Watson was taken to the County Infirmary.

MAN CONFESSES DOUBLE MURDER

Quarrel Over Mule Team Results in Death of Farmer and Wife.

OLATHE, Kan., Aug. 24.—Roy Dudley, arrested late yesterday charged with the killing of Mr. and Mrs. Henry Mueller, on their farm near Stillwell, seventeen miles southeast of here, admitted the killing today, officials said. Dudley is reported to have said he quarreled with Mueller over a team of mules and that Mueller attacked him. He defended himself, Dudley says, he grabbed a shotgun that was hanging over the barn door and shot Mueller, then when Mrs. Mueller attempted to interfere, he shot her.

Officials said Dudley did the shooting Sunday, took possession of the place and hired a boy to help him with the farm work and then tried to sell part of the wheat crop. Mueller had raised. The double murder was discovered when Sheriff Carroll went to Stillwell to arrest Dudley on a charge of stealing the wheat. Carroll believes the crime was motivated by Dudley. After the killing Dudley is said to have hidden the bodies in the cellar of an abandoned house a quarter of a mile distant.

Dudley is an ex-convict. When neighbors questioned him as to why he was running the farm alone he said that the Muellers had gone on a trip to California.

Have Salmon for Dinner

Buy Salmon Today

Today is a time to buy Salmon when they are at their best and the price is fixed lower than usual because the catch is heavy

Twice every year Salmon become very plentiful in these waters and during August and September

are in the fall run when they are more plump and have the best flavor—it is then that the meat is richest and deep red in color

Yesterday there were 34,000 pounds Salmon caught around San Francisco which is about 24,000 pounds more than is generally used fresh

The Fish Exchange has fixed the price at 15 cents a pound so that the people will buy Salmon today

You would want Salmon on your table

If you knew that Salmon supplies more energy and nourishment to the pound than a great many other kinds of food which are more frequently on the table

Salmon is delicious when cooked in almost any way but to get the full flavor and the best results it should be baked or broiled

and either of these tested recipes followed will insure a very inviting meal:

BOILED SALMON—Select a small fish for this purpose of a size to fit into the ordinary fish kettle. Have your kettle enough salted boiling water. After it begins to boil, add two table-spoonsful of vinegar to the water. Sew the fish up into a piece of firm cheese cloth and lay in the kettle carefully. After it begins to boil, add two table-spoonsful of vinegar to the water. Sew the fish up into a piece of firm cheese cloth and lay in the kettle carefully. After it begins to boil, add two table-spoonsful of vinegar to the water. Sew the fish up into a piece of firm cheese cloth and lay in the kettle carefully.

BAKED SALMON—Wipe your fish with a damp cloth, but do not dry it in water. Rub with a little salad oil and sprinkle with salt and pepper. Lay in a baking pan and dash over it a couple of tablespoonsful of butter. Bake covered, basting every fifteen minutes. When done, transfer to hot platter and set in the oven while you thicken the gravy left in the pan. Add a dash of lemon juice and a dash of onion juice. A little tomato catsup is an improvement. Mix all up and pour into the hot gravy dish. Send to the table with the salmon, which may be garnished with sprigs of parsley.

In boiling Salmon or any salt water fish use a pound of salt to a gallon of water and add two table-spoonsful of vinegar to keep the flesh firm and white

—If in a hurry the cloth need not be used

If any of the Fish is left over from either of these two dishes remember that it can be used in salad or croquettes or creamed or in any way in which canned Salmon can be used

—and it is far more appetizing

THURSDAY, AUGUST 24, 1916.

HUGHES TOUR BENEFICIAL.

California citizens are genuinely happy over the visit and tour of the State of Governor Hughes. They showed that by the enthusiasm and unanimity with which they turned out to greet him. Whenever he spoke, or wherever his train stopped at a way station, as many thousands as could get within sight and hearing were on hand to welcome him. The only limitation to the audiences was space; patience, cordiality and appreciation were in evidence in a measure surpassing even the traditional capacity of Californians.

It was an honor for California to be visited by a candidate for the Presidency, and more especially so when the visitor was so distinguished a citizen as Governor Hughes. Great benefit has already resulted from the Hughes speaking tour. The people have had their minds refreshed as to the subjects of ideals, traditions and rights of American citizenship and been given a clearer understanding of governmental duties and obligations. Governor Hughes' speeches are a nearer approach to literature than any heard in decades; their logic, completeness and finish are not lost in printing. They are contributions upon present national policies and tendencies of extraordinary vision and strength. They bear the stamp of great seriousness, a characteristic of Governor Hughes which has caused him to be spoken of as a man without much humor. The people have been badly in need of so forceful a spokesman of Americanism for a long time, and whatever may be the outcome of the November election, Governor Hughes will have given the nation service of inestimable value through his personally delivered messages.

Californians have shown their appreciation of the visit in their usual splendid, open-hearted way, and this is a reward for Governor Hughes which he will treasure highly. The ovations here exceeded those in any State through which he so far has passed, and it is improbable that they will be surpassed later on. Also there is no doubt about Mr. Hughes having won thousands of supporters through his visit. These are to comprise a more substantial recognition of the near future.

FINISH THE LINCOLN HIGHWAY.

The visit to Oakland of Mr. H. C. Ostermann, field secretary of the Lincoln Highway Association, has served to cause a timely revival of interest in the proposal to extend aid to the people of Nevada to eliminate a bad stretch of the Lincoln highway west of Ely. Northern California is asked to put up approximately \$50,000 to assist in carrying out this purpose.

To the business men, hotels and tourist associations of the northern part of the State this is clearly and frankly a business proposition. Oakland secured the strategic advantage of being designated as the Pacific terminal of the Lincoln highway. The population of Nevada is comparatively sparse to the square mile and there is a lot of United States government land on which taxes for road repairs may not be levied. The people of Nevada have done as well as could be expected of them. They have built the highway from the Utah line to a point west of Ely, but their funds gave out and an almost impassable stretch of trail still exists between Ely and the California line. Los Angeles and Southern California in general have been quick to turn this condition to their advantage. They have aided in the construction of a road from Ely southward to connect with the California State highways system, and they have engaged criers at Ely to inform transcontinental motorists that the roads are so bad they cannot get to Oakland. Motor traffic is thereby being diverted to Southern California.

The northern part of the State has seen constructed the section of the Lincoln highway from Oakland to the Nevada line, but there it ends. What remains to be done is to connect it with the main system near Ely. There is nothing of hypocrisy about Nevada's claim of inability to do more road-building at this time, so if the Lincoln highway is to be completed from the Atlantic to the Pacific outside aid must be given. Northern California should lend a hand. It will

probably put some Los Angeles tourist "cappers" out of a job, but it will be the means of permitting this section of the State to obtain its normal rightful share of the motor tourist trade, and cause Oakland to realize on its selection as western terminal of the highway.

THE MEXICAN MEDIATORS.

The commission appointed by the President to open negotiation with a similar body appointed by General Carranza for the settlement of the questions which brought about and have resulted from the present American intervention in Mexico is, judging from the records of the several members, of peaceful temperament. Mr. Franklin K. Lane of California is well known locally as an astute politician with the habit of avoiding belligerency by holding one side of a contest as agreeable for his association as another. Mr. John R. Mott of New York is general secretary of the international committee of the Young Men's Christian Association, and his life work has been mainly in the field of international Christian comity. While not identified with the present political propaganda of "internationalism," he looks upon the world as one great brotherhood, and is widely and favorably known as an advocate of closer understanding among the various peoples and races. He has long been a philanthropic missionary.

In Judge George Gray of Delaware we may look for a larger degree of competence to deal with the tedious and vexatious questions which will undoubtedly present themselves to the mediators. He is an able lawyer, was formerly attorney-general of Delaware, served fourteen years in the United States Senate, was a member of the Peace Commission of Paris of 1898, member of the Joint High Commission of Quebec of the same year, a member of the international permanent court of arbitration under The Hague convention of 1900, of the anthracite coal strike commission of 1902 and of the North Atlantic coast fisheries arbitration of 1910.

While it is to be hoped political affiliations will not exert any influence in the adjustment of the very critical situation on our southern border, it is worthy of note that the American members of the joint commission of mediation are Democrats and may be expected to be guided entirely by President Wilson's ideas.

MR. HUGHES' LABOR RECORD.

Every political campaign must have its humors and the stage for comedy seems at present to be set in New York City. According to the news despatches Mr. William B. Wilson, secretary of labor, is out for the record as a gum-shoe artist, now conceded by all to be held by Senator "Bill" Stone of Missouri. Mr. Wilson was in New York a week without any of the news gatherers in that alert metropolis being able to discover his mission.

From Washington it is learned, however, that Mr. Wilson was out looking for a flaw in Mr. Hughes' labor record. It is stated that Mr. Wilson carried in his pocket a copy of the Legislative Labor News, official organ of the New York State Federation of Labor, containing a review of Mr. Hughes' record when he left the governorship in 1910 to become a Supreme Court Justice. This labor organ said:

Now that Governor Hughes has retired from politics and ascended to a place on the highest judicial tribunal in the world, the fact can be acknowledged without hurting anybody's political corns that he was the greatest friend of labor laws that ever occupied the governor's chair at Albany. During his two terms he has signed 56 labor laws, including among them the best labor laws ever enacted in this or any other State. He has also urged the enactment of labor laws in his messages to the legislature, even going so far as to place the demand for a labor law in one of his messages to an extra session of the legislature. Only 162 labor laws have been enacted in this State since its creation in 1777—in 133 years. One-third of these, exceeding in quality all of the others, have been enacted and signed during Governor Hughes' terms of three years and nine months.

Secretary Wilson's mission, it is creditably stated, was to find some way of offsetting this practically official labor endorsement of Mr. Hughes, which is causing the Democratic managers much concern.

BUREAUCRATIC STUPIDITY.

(From the Chicago Tribune.)

It is recorded in the Army and Navy Journal that the controller has disallowed the claim of Captain Samuel G. Shurtle, U. S. A., for \$196.22. This amount was for what is known as commutation of quarters, light and heat. The regular station of Captain Shurtle was Fort Williams, Me. He was assigned as military observer with the German armies, and in consequence went from Fort Williams, Me., to Germany.

Captain Shurtle was in Germany as an observer from December 14, 1914, to March 31, 1915. At Fort Williams his quarters were provided by the government. In Germany they were not. The claim for \$196.22 represented the just equivalent which the government ought to add to the amount paid the captain in consequence of sending him from quarters which it furnished to quarters which it did not.

The controller found no equity in the claim. It was found that Captain Shurtle's assignment to service in Europe must be regarded as service in the field rather than as a transfer to a post where no public quarters were available.

The Army and Navy Journal suggests that the bureau evidently regarded it as the duty of the captain to come home every evening to Fort Williams, Me., and sleep there. His quarters were there. If he was not in them it was not the government's fault.

The incident is trifling and the captain can dig for the \$196.22, but it is significant in revealing, in its modest way, the fact that bureaucratic stupidity in dealing with national affairs sometimes is worse than congressional stupidity. It escapes attention and does as much if not more damage.

In the machine gun farce, for instance, congress was willing to appropriate the money and did appropriate it. A bureau in the War Department so managed that the equipment was not forthcoming. When the bureau got under fire criticism will have covered the ground that it must cover to be effective.

NOTES and COMMENT

In New York it's the barbers. Two thousand of them have struck. Undoubted absence of gloom on the part of safety-razor men.

"W. W." stands for "Woodrow Wilson," "Watchful Waiting" and "Woe! Wobbling," and the three are not unrelated at all.

The Mexican commission has at last been formed. Judge Gray of Delaware and Dr. Mott of New York have consented to serve. Let's see; just what is it this commission is expected to do?

All who attended any of the Hughes meetings are entitled to smile when they come across the statement in Democratic and disgruntled Bull Moose newspapers of the frosty character of his campaign in California.

Hughes hit it off exactly when he said government can crush illegitimate practices without crushing legitimate business. The idea has been too prevalent that reform is synonymous with the indiscriminate "soaking" of everybody.

Letter of inquiry received by Secretary Long of the Richmond Chamber of Commerce: "Kindly let me know at once about your city. The number of M. D.'s, osteopaths, etc., also the size of same and what chances are in real estate."

A Fort Worth man connected with a rodeo outfit which is exhibiting in Chicago gets on the wires through having thrown a steer in eight seconds. Which is another reminder that there are more ways than one to win a laurel crown.

The old historic town of You Bet, famous in funny column of long ago, once a popular mining town, but latterly deserted like so many others, has been entirely obliterated by fire. Thus the glories of older California go by the board.

Some interest is manifest in the debate between Samuel Shortridge and Chester H. Rowell, scheduled for Friday at the St. Francis hotel. The public is prepared for the discomfiture of the master of six languages by that accusing forefinger.

It is hardly probable that the walter incident at the San Francisco Commercial Club was promoted from political ramparts. Neither is it probable that some particular politicians would have been strenuous in preventing it if they had known that it was contemplated.

"Jubilee season is on in Oregon." Just what it is that Oregonians are to get tickled over at this time doesn't appear from what follows the above heading. Whatever it is must be extraneous, for the stuff that figures so extensively on jubilee occasions is still taboo up there.

This is from the Tracy Press, though you would hardly think it: "The skirt is going down," says a Parisian modiste, referring to the coming fashions, for which we are very thankful, for certainly the manufacturer of fancy hosiery has had a long inning."

Candy is barred from the National Service School camp at Lake Geneva, Wis. It might be concluded from this that military life for women is exceptionally severe in the La Follette state, but for the additional news that a requisition has gone in for a camp manicurist and hair dresser.

Nothing that has ever appeared in story transcends the experience of the man who clung to a spar thirty-two hours, was swept out to sea, picked up by a Norwegian bark, carried to Portland, whence, long days after he had been given up, he apprised his family that he was still alive. The experiences of Monte Cristo are easily believable when we read of this remarkable incident.

Charles Evans Hughes not only did not strive for an office while holding one already, but would not accept a nomination until after resigning the first. Hiram Johnson is out after another office while holding the governorship. Not only that, but he is using all the influence and force that may be exerted by a governor to further his chances. But there are many striking dissimilarities between the two.

From the following, taken from the Riverside Enterprise, the sameness of Johnson and Polkinghorn appears to be indisputable: "The Riverside Press is bewailing the fact that Polkinghorn is running for the assembly while he is holding down another job. It would appear that the Press' favorite candidate, Governor Johnson, is holding down a pretty soft job while he is campaigning for another."

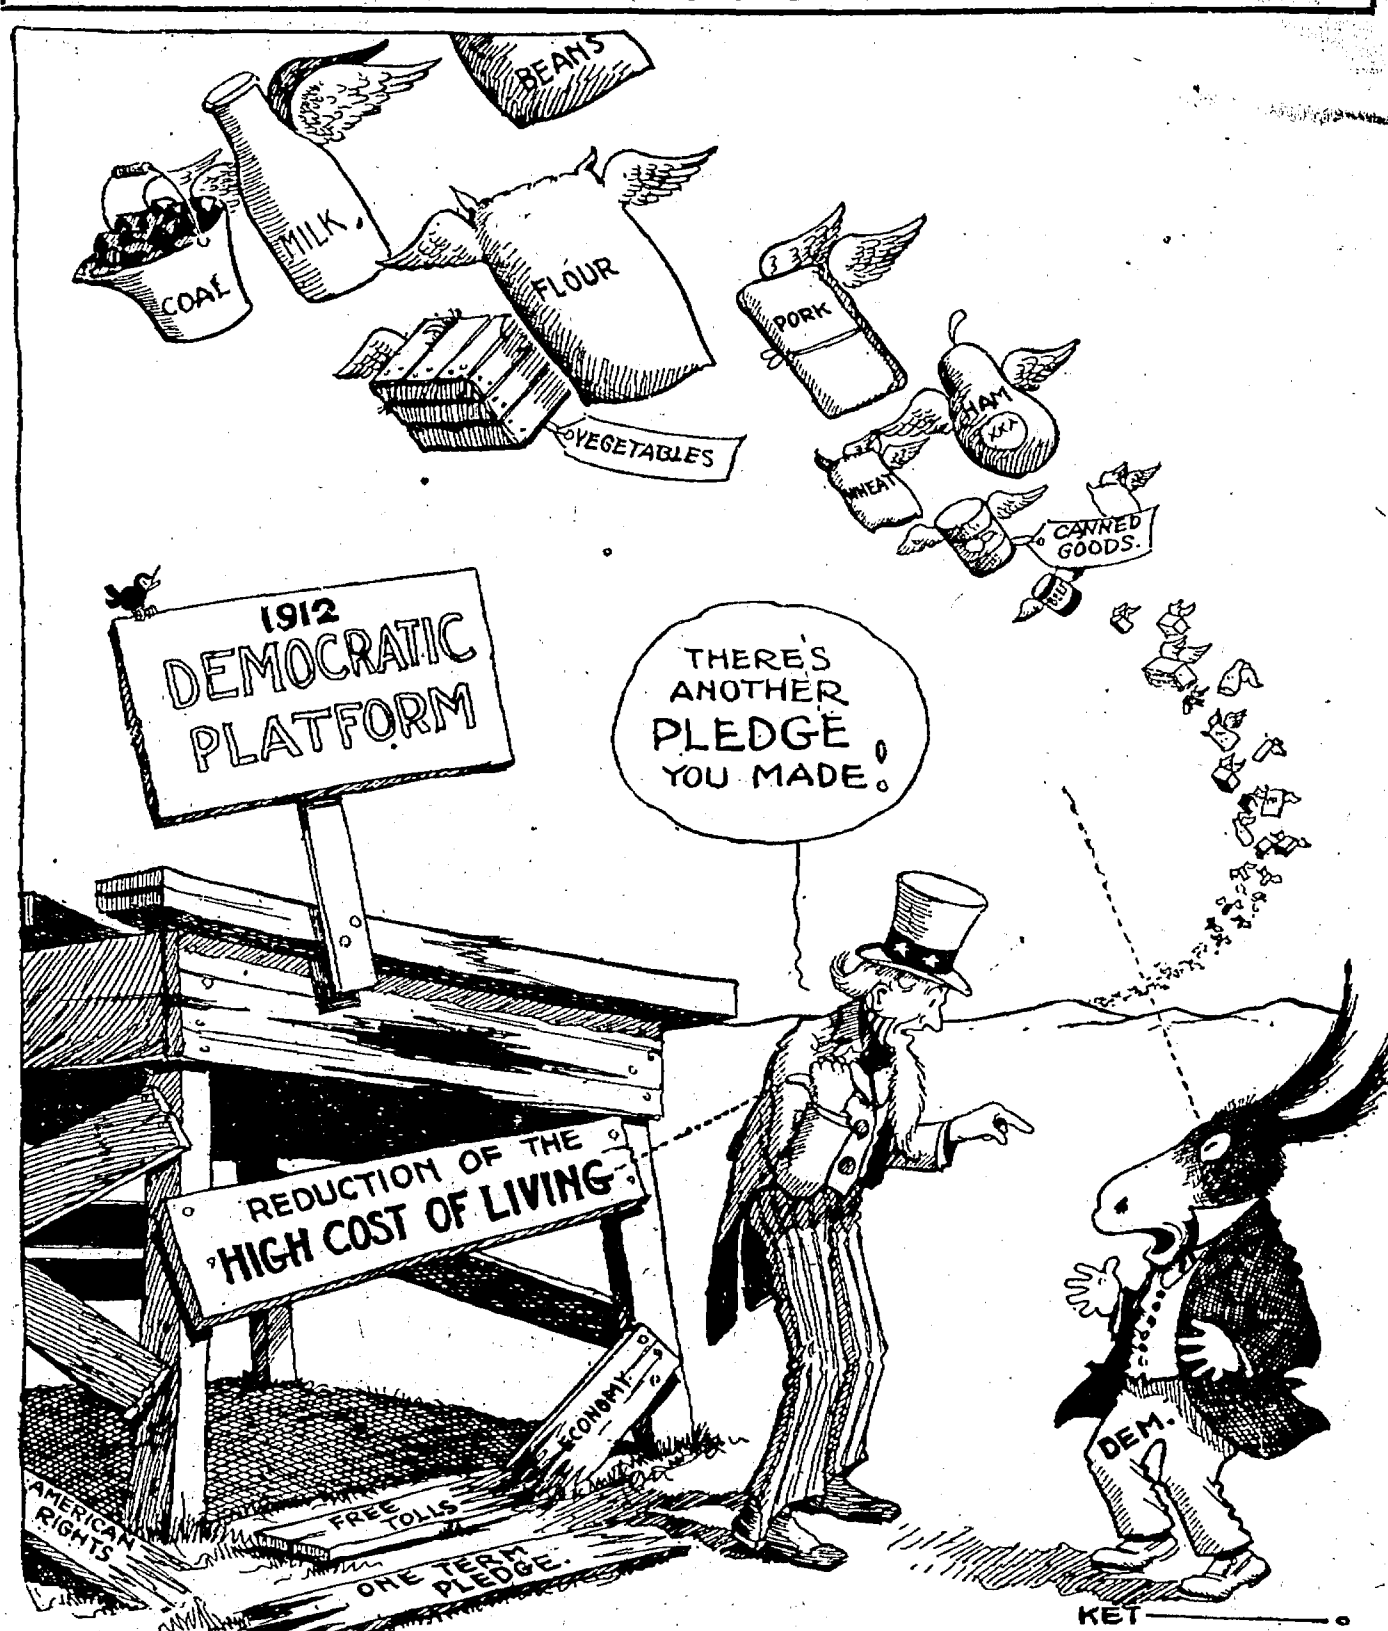

SPIRIT OF THE STATE PRESS

The old Spanish life was brought back last week when Lew Allenby conducted a bull fight at a dairy north of town. He concluded that he would make a pet out of a little Holstein that was grazing in a field. Lew's motives were above reproach, but the bull thought otherwise, and immediately Lew began a performance that would have made the old toreadors mere tyros. After finding that the bull did not like the color of his hair he started for the nearest fence, which was barb-wire, leaped it, and was safe.—Ukiah Dispatch Democrat.

The Oakland, Antioch & Eastern is branching out into the fruit and produce business, its recently established "Produce Cannonball," which operates at night, being extensively used. In fourteen days this train has handled about 250 tons of produce.—Richmond Record-Herald.

Mr. and Mrs. S. Dodd are the parents of the wonder boy. Although younger Dodd is three, and one-half years old, he speaks English, Spanish and German, drives a Buick and gives his papa much valuable advice in big league matters.—Richmond Terminal.

STILL GOING UP!

"UNCLE JOE" CANNON ON WILSON AND CZARISM

Former Speaker of the House Tells Carolinians of Application of the Executive Rod at Washington

On July 29 "Uncle Joe" Cannon delivered at Greensboro, N. C., near the place of his birth, a notable address, in the course of which he reviewed his long public service, begun in 1873, when he was elected a member of the House, and extending over a period of forty-two years.

In this address, teeming with reminiscences of men and events, the doughty old warrior had something to say concerning the bitter fight waged a few years ago against the so-called Cannon rules. He also paid his respects to the present occupant of the White House. The following is a brief extract from the speech, which was recently printed in full in the Congressional Record:

"Now who is the Democratic candidate for the Presidency? Why, you know, the former president of Princeton is a candidate for re-election. He has written a history of the American people, some six volumes; he has preached sermons; he has written essays; he has been a prolific writer. If he wanted to be a successful candidate, now that we have read his histories, it seems to me that he would have done better if he had bought them all up and burned them, because you may take what he wrote and the conclusions which he announced, and they do not tally with what he does. Why, he said that Bryan ought to be knocked into a cocked hat; yet he made him Secretary of State. I think he found out his mistake."

At least one of them did, because Bryan and Wilson parted company. Let them quarrel it out between them.

"He endorsed the platform upon which he was nominated, which declared in favor of a single presidential term of four years. There is the platform. He pledged himself to that, not only when he accepted the nomination, but he went out of his way to make speech after speech declaring that he endorsed that plank in the platform which said that American shipping, sailing under the American flag, with American cargoes, in the coastwise trade of the United States, should go through our Panama Canal and mine without payment of toll, and that was a great feather in his cap. Yet what did he do? He led in the repeal of that act, not only by word of mouth but not only by line upon line and precept upon precept, but he exerted that extraordinary power that he has so often exerted since then, to make it 'my policy,' the policy of the President, and thereby violated his party's platform in that particular. Talk about czarism! Great heaven! Why, they did me the honor when I was the humble speaker of the House of Representatives to say that I was a czar, when a majority of the House any hour of any day under the constitution could have removed me. They put it in their platform in 1908 that I, poor me, had destroyed the republic, you know, and they wanted the Republican party turned out to get rid of that wicked old czar. There were some places over in Missouri where, when a naughty child would cry, its mother would get the

Democratic platform and say, 'Be still, or that wicked old czar speaker will give ye if ye don't look out.' I had not much power, then. I could not have done anything, except as a majority supported and directed. They could have removed me by a majority vote any day. They tried it on the motion of Representative Burleson, who is now Postmaster General. His colleagues swarmed about him and said, 'Oh, my God, withdraw that; withdraw that.' I saw what they were up to, and I wanted a test vote on Burleson's motion, and I put the question in a holy minute. 'As many as are in favor say "aye," those opposed "no"; the chair is in doubt.' He could not withdraw it after the question was put. Burleson's resolution was defeated by a large majority than I received when I was elected speaker. So there you are. But now they have a real czar in the White House.

"Ladies and gentlemen, I wish it were possible that you could be in Washington, and that you could have your ears to telephones connected with the Democratic cloakrooms; and in one day after the President has published in the papers that he is going to have this, that or the other bill passed, and has sent down to Congress his orders, you could hear more profanity than you ever dreamed of before. Why, the air is blue with profanity; and that order from the White House means to your Representatives from North Carolina, 'Come under the rod. There is no foder for you if you don't.' Now, if this was not so serious we might laugh about it. But where has it brought us?"

THE JESTER.

Who Was It?

The kindergarten had been studying the wind all week—its power, effects, etc.—until the subject had been pretty well exhausted. To stimulate interest the kindergarten said, in her most enthusiastic manner: "Children, as I came to school today in the trolley car the door opened and something came softly in and kissed me on the cheek. What do you think it was?"

And the children joyfully answered: "The conductor!"—Harper's Magazine.

The Fitness of Things.

The Kink—What do you mean by waking me at this time in the morning? The Valet—Pardon, your majesty, but the water main has burst and the ground floor of the palace is under water.

The Kink—Then bring me my admiral's uniform.—Boston Transcript.

The Valor of Ignorance.

"I think our new sergeant major is a bit of an ass, sir. I asked him who held the Pass of Thermopylae, and he said he didn't."

"Ha! ha! ha! And I bet the old rascal did, you know!"—Bystander.

The Downtrodden Race.

Paddy (after holding forth at considerable length on the wrongs of Ireland): "Faith, and it's Liberty and Freedom we wantin', sor."

Visitor to Dublin—But what sort of liberty do you want, my friend, that you have not already?

Paddy (after profound thought)—Liberty—to begorra!—liberty to spit in the trans!—Passing Show.

THE PERIL AVERTED.

The trend of fashion has turned and, with the swing of the pendulum of style, femininity is ordered from Paris to revert to lengthened as well as to narrow skirts. Not to the hobbles of yesterday, but sufficiently short to prove that the masculine fear of a revival of the hoop-skirts of the Second Empire was unwarranted. Republican France does not look with favor upon empires in these days of stress and storm. Perambulating balloons are not to congest the sidewalks of crowded cities; in a world of fliers and subway tubes there is no room for spreading hoops.—Philadelphia Bulletin.

MOST VALUABLE HERD.

The most valuable herd of animals that any government of the world possesses is that of the fur seals which roam over the eastern side of the north Pacific ocean and return for breeding purposes to the Pribilof Islands. After being sadly decimated by indiscriminate slaughter at sea, the herd has been rapidly recuperating under the influence of an international agreement, and soon the fur seals may be as numerous as when they came into the possession of the United States government with the purchase of Alaska.

The fact that the only land to which these animals ever resort is two islets in Bering Sea, belonging to the United States gives our government a claim to possession such as is exercised over no other wild creatures of water, land or air.

In the summer of 1916 more than 100,000 young seals will have been added to the Alaskan seal herd, whose total strength will then be upwards of 400,000 individuals of all classes. For some years only a limited number of seals have been utilized for the food purposes of the natives; but after the present close-time law expires in 1917, there will be available for commercial use many young male seals, which add nothing to the reproductive capacity of the herd and may properly be utilized for their skins and other products.—National Geographic Magazine.

WHIMSIES.

Let others pen their tragic tales. Consume the world with laughter's gales; Leave me a little space to hymn, When I so choose, some passing whim.

Who makes his reader roar with glee Sit hard at penmanship; The tragedist was built by art, But whims spring full blown from the heart.

Awake with those who make us cry, Who raise gusts that pain the sky; The smile, the chuckle, soft and low— These give the soul its cosmic glow! —New-York-Sun.

TWENTY YEARS AGO TODAY

A transcontinental bicycle relay race to New York in which the riders bear a message from the Presidio to the General Commander of the War Department in New York started from Oakland at noon today.

Discovery was made this morning of the theft of 1800 pounds of lead from the Contra Costa Water Company's shops at the foot of Webster street.

W. B. Curtis today tendered his resignation as traffic manager of the Traffic Association. He will extend the commercial relations between this city and Japan as representative of several large firms.

F. B. Granger of Alvarado came into this city this morning and expressed himself as jubilant over the prospects of the sugar year which began at Alvarado yesterday by the opening of the sugar mills.

Judge Fred E. Clift has returned from a trip to the Hawaiian Islands.

MADNESS OF MIDSUMMER.

Does the sun of midsummer beget in the brains of man a tendency to abnormal conduct? It would seem so, if the happenings recorded in different parts of the country may be taken as a gauge. Men singly and in groups are indulging in all sorts of misconduct, and crimes of violence seem more numerous than common. It is certain that man in some of his physical powers at least relaxing to a degree where he is not capable of the sustained efforts he easily puts forth when not under stress of unusual climatic conditions. A continued term of excessively hot or heat makes severe calls on the resisting qualities of human beings, and it is certain that the mind in some way reflects the tendency of the body. The acclime rays of the sun's light, which are potent to destroy, are more powerful in summer than in winter, and more effective in direct contact. All this would seem to support the theory of the police that people are more frictions and less capable of self-restraint during a hot spell than at any other time. At any rate, the disorders that are now disturbing society may as well be ascribed to the weather as to man's innate bent for wrong-doing.—Omaha Bee.

FEDERATION
OF WORLD
IS DREAM

—DR. DAVID P. BARROWS.

Hopes Must Wait for Coming of Super-Man, Says Dean of University Faculties on Return From Bloody Battlefields

Says International Disputes Cannot Be Settled by Legal Means and Holds War Cause Was Stubbornness of Mankind

Hopes for a world federation to be formed at the close of the war, the dream of many of the students of the conflict in Europe will not be realized until the race produces the super-man.

So declared David P. Barrows, dean of the faculties of the University of California, who with Mrs. Barrows has spent nearly a year in the war zone and who was greeted last night by hundreds of friends at a reception given by the Berkeley Chamber of Commerce.

Another cherished hope that a lesson of the war would be the judicial settlement of international disputes was held by Barrows to be doubtful of realization for the reason that most of such disputes are incapable of legal solution.

Not the wickedness of human hearts but human stubbornness caused the European struggle, Dr. Barrows said at the opening of his address.

RECEIVED CALL.

Mr. and Mrs. Barrows went to Washington in December expecting to spend a term of months in Spain, but while there in attendance upon the Pan-American Scientific Congress they received a request from Herbert C. Hoover to come to Belgium and assist in the work of the Commission for Belgian Relief. Barrows described briefly this great work which is in the main the enormous commissary task of importing and distributing the larger part of the provisions to the million people inhabiting Belgium and the north of France. Only a fraction of the food of this area can be derived from the agriculture of the country itself, Belgium being almost exclusively an industrial and mining country and the most densely populated portion of the globe. Food for the preservation of this population must be brought from over seas.

THROUGH NEUTRAL HANDS.

The only conditions under which the blockade of the allied powers will permit the entrance of food is through neutral hands, who guarantee its exclusive consumption by the civil population of Belgium and Northern France. The finding of this food, the obtaining of the great fleet of vessels necessary to transport it from the food-producing regions of the globe to the beleaguered Belgium, and the baking of bread to the more than four thousand combatant and commissary task comparable to the work of provisioning both of the great combatant armies that face one another in the west of Europe.

These supplies of food are in the main sold, but at prices extremely low as compared with the market price of food in European capitals, and yet at a profit sufficient to create a great relief fund which is used for the supply of a minimum daily ration of the several million inhabitants entirely without resources.

The efficiency and skill with which this task is being accomplished by Hoover and his associates has elicited the highest admiration of European statesmen, and not long ago called forth from Lord Curzon the statement that it was a "miracle of the modern world." The work, the largest and most significant humanitarian effort produced by the war, should be recognized and based their conclusions on legal findings, and they could only have found that the sovereignty of Turkey over the Balkans was perfect, perfect through rights of prescription of more than four hundred years, perfect under the guarantee of the powers of Europe by the Treaty of Paris of 1856 and of Berlin of 1878.

Yet the sovereignty of Turkey was no longer tolerable and the Balkan war arose to overthrow a sovereignty that from the judicial standpoint the world would have had to sustain. In spite of their unparalleled losses, neither side shows a disposition to yield in what all contend parties unquestionably regarded as a struggle for national existence and for the future of their race. I doubt if the end of this war will see a federation of the states of the world. The task is beyond the political capacity of the race, which has never

accomplished anything politically more elaborate than the national state, and which holds to the national state as the greatest political achievement of the modern world. This is and as far as one can see the only practical protection for peoples.

FEDERATION TO WAIT.

World federation will have to wait for its realization upon the appearance of Super-Man. Neither do I believe in the practicality of what is called the "judicial settlement of international disputes," for the reason that most disputes are incapable of legal solution. Wars arise largely because a situation legally perfect is politically and economically intolerable. Take for example the Balkan situation out of which this conflict arose. Suppose the Balkan states at the outbreak of their war against Turkey had been forced to submit their case to a judicial tribunal. Judicial tribunals must base their conclusions on legal findings, and they could only have found that the sovereignty of Turkey over the Balkans was perfect, perfect through rights of prescription of more than four hundred years, perfect under the guarantee of the powers of Europe by the Treaty of Paris of 1856 and of Berlin of 1878.

Yet the sovereignty of Turkey was no longer tolerable and the Balkan war arose to overthrow a sovereignty that from the judicial standpoint the world would have had to sustain.

In spite of their unparalleled losses, neither side shows a disposition to yield in what all contend parties unquestionably regarded as a struggle for national existence and for the future of their race. I doubt if the end of this war will see a federation of the states of the world. The task is beyond the political capacity of the race, which has never

Women Students of University Will Display
Scientific Cookery at Fair

Women students of the University of California will aid the West Oakland Home by preparing pies and cakes to be sold at the "Home Market" in the City Hall plaza Saturday. The college girls will also act as "sales ladies" at the market, and will attempt to establish a record in modern salesmanship.

Domestic science has been made a part not only of the early education of school girls, but of the training in the City Hall plaza Saturday. The college girls will also act as "sales ladies" at the market, and will attempt to establish a record in modern salesmanship.

Domestic science has been made a part not only of the early education of school girls, but of the training in the City Hall plaza Saturday. The college girls will also act as "sales ladies" at the market, and will attempt to establish a record in modern salesmanship.

Domestic science has been made a part not only of the early education of school girls, but of the training in the City Hall plaza Saturday. The college girls will also act as "sales ladies" at the market, and will attempt to establish a record in modern salesmanship.

some in picturesque costumes, and others in pretty house dresses and scalloped and trimmed aprons, will preside behind the bargain counters. Among those who will assist are Misses Frances Redmond, Mary Beebe, Ruth Kiel and Margaret Pope. The "Market" is being held as a benefit for the West Oakland Home, and has been endorsed by a number of club and society women, who will aid Saturday in making it a success. Supplies and promises of provisions are beginning to arrive at the temporary headquarters of the market, 1426 San Pablo avenue. A telephone has been installed free of charge by the telephone company, the number being Oakland 1745.

legal rights in the face of superior economic and humanitarian considerations. This spirit of concession carefully cultivated, broadly conceived, carried out in a spirit of higher statesmanship, is in my mind the only feasible prospect for peace.

OUR FUTURE.

Referring to the future of the United States, Barrows said:

We stand at the cross-roads between a provincial America and an imperial America, between an America smug with her own prosperity, timid of responsibility, fearful of heroic enterprise, and an America conscious of the opportunities attendant upon her unique prosperity and security, ready to assume the great responsibilities of empire. Imperialism has a sound basis in which teaches that men and states may live together without political control. Regulated by law is the only Tolstoinian security of society against disorder. Tolstoinian anarchism is an irreducible dream built upon optimistic promises as to human nature which the race exhibits nothing to justify.

I believe in armed legions and their necessity to the ordered life of the world.

I believe that the object of our lives is not pleasure, but the largest and fullest attainment for social as well as individual ends. I believe in bringing up our youth to believe that the object of our lives is not to live long but to live well. America, under her bursting prosperity, under the ease and satisfaction which the resources of this continent have brought to our race, and under the decline of Puritan standards, is turning to standards of pleasure and self-indulgence dangerous both to the souls of men and to the integrity of social life.

Nothing can prevent the damage of our national character except the constant and serious contemplation of the responsibilities which the damage of the world and the training and discipline of life to meet those problems wherever they may carry us and to whatever sacrifice they may tend.

CONTRACTORS TO DINE.

The Electrical Contractors' Association will tonight discuss matters of business interest at an informal dinner to be held at the Hotel Oakland. Several matters of business and a survey of the building and electrical industries are planned.

ALDEN LIBRARY TO MEET.

The Alden Library and Improvement Club will meet tomorrow evening at 8 o'clock at Vander Naillen school, 5175 Telegraph avenue. Civic issues will be discussed. A full attendance is requested.

CHILDREN'S
DEATH WILL
BE PROBED

Failure of Man Held in Jail in San Jose to Attempt a Rescue in Burning Home Is Cause for Investigation in Matter

Father Called to Aid Police in Seeking Information as to Quarrel Between Boarder and Woman Preceding Fire

Frank Juarez, an Oakland cement worker, will probably be called to San Jose to testify in the investigations into the fire tragedy in which his two children were killed, following the arrest of John J. Moss, who overturned a lamp in the Juarez home and fled. It is alleged without attempting to rescue the children.

Moss admits overturning the lamp, but declares this to have been accidental. Suspicious circumstances in the case caused his arrest, when he was released from the Santa Clara county hospital where he was treated for injuries received in his escape from the burning home. The two children were smothered in their beds by the smoke.

QUARREL PRECEDES FIRE.

The fire, which occurred August 18 at the Juarez home on Fourth and San Antonio streets, followed a quarrel between Mrs. Juarez and Moss, who was a boarder in her home. Juarez at the time was at work in Oakland. According to Mrs. Juarez, Moss had been drinking.

Mrs. Juarez was, according to the evidence before the police, keeping boarders while her husband was at work here. Moss, on coming home on the night of the fire, quarreled with her, and tried to hinder her when she left the house.

RESCUE ATTEMPTS VAIN.

On her return the home was ablaze. Several vain attempts were made by neighbors to rescue the children from the smoke-filled room. Moss first told the police that he had escaped while the house was ablaze by way of the front door. When told that this door was locked on the arrival of the firemen, he said that he had jumped from a second-floor window. He made no attempt to rescue the children, according to the police.

The police declare that they have found several contradictory statements in his story, the same persons leading to the placing of a serious charge against him. In the meantime he is being held for examination at the San Jose city prison.

WHAT IS DOING
TO NIGHT

Benefit dance for mother of Louis Morry, Pacific building.
General Huggins on "Preparedness from a Brotherhood Standpoint," Hamilton Hall.
Newman Club is host to freshmen, club rooms, Berkeley.

MITCHELL TO GO EAST.

John Mitchell, member of the State Board of Equalization from the Second district of California, leaves today to attend the National Tax Association's annual conference at Indianapolis, which opens Monday. This is the third successive year that Mitchell has been specially appointed by Governor Johnson to represent the State of California at the national gathering of tax experts.

Pile of Lumber
'Cop's' Waterloo
Masquerader Assists in
Enforcing Law

RICHMOND, Aug. 24.—Dressed in a little brief authority, Arthur Badger of domicile and calling unknown enjoyed himself highly yesterday in the assumed role of a police officer. For several hours he paraded the streets authoritatively, assisted the local patrolmen in their duties and succeeded in hoodwinking all he met until he tried to have an innocent pile of lumber removed—then came his Waterloo.

Badger arrived in town early in the morning and introduced himself on the street to Inspector Robert Kirkpatrick as a special officer from San Francisco. He said that he was merely looking around, and he voluntarily accompanied Kirkpatrick, assisting him in the arrest of a drunkard and giving him many hints as to the detection of crime.

Finally Badger separated himself from Kirkpatrick and started out on a patrol of his own. All went well until he began to take liberties with private property. He approached an expressman on Macdonald avenue and ordered him to remove immediately a pile of lumber which was obstructing the gutter in front of the Abbott building. The expressman proceeded to obey, when a patrolman of the regular Richmond force came along and put an end to Badger's masquerade.

Room Burglars
Keep Police Busy

Room burglaries were reported to the police, jewelry and clothing being included in the loot. Mrs. J. R. Pulford, 371 Twelfth street, complains that someone entered her room and took a handbag containing \$10 in coin, a gold neck chain and a Swiss watch.

Vene Redanovich, of 1839 Telegraph avenue, reports that a sneak thief entered his room and made away with a blue serge suit, while Prince, 911 Filbert street, is loser of a watch, which was taken in his absence from his room.

A check-writing machine, valued at \$50, is reported stolen from the Luke Merritt Auto Painting Company, 72 Twelfth street. It was taken from the office of the concern in the absence of employees.

Book Agents Are
Menace to Mayor

Book, life insurance and other agents are not popular with Mayor John L. Davis, who said today that he was preparing a resolution prohibiting such persons from calling at the mayor's office during working hours. He declares that the time wasted in dealing with these persons represents an appreciable waste of city funds. The mayor will ask the city council to adopt the resolution and make it a city law.

FEAR SHIFT

Announcement of Reorganization of Internal Revenue Service Causes Speculation as to Distribution of Plums

Many Additions Are to Be Made; Heads Check Up Politics of Local Residents; Changes Closely Observed

The announcement from Collector of Internal Revenue J. J. Scott in San Francisco that there is to be a reorganization of his office and its branches about the bay and in Nevada, including 100 new appointments, combined with the manifest activity of the customs house heads under Collector of the Port J. O. Davis in checking up the registered political affiliations of fifty Alameda county residents who are in the federal service, is causing speculation as to who will be declared "faithful" and who will receive plums.

"There is no political significance in the reorganization," said Scott. He went on to explain that the large increase of business in this district to be caused by the new revenue bill will necessitate a large number of new employees.

TO DEPOSIT AT RENO.

The new arrangement will be completed by the first of September. At the same time the state of Nevada will be given liberal patronage, with a branch office at Reno and field offices at Tonopah, Carson, Winnemucca and Elko. The revenues collected east of the Sierras in California and Nevada will thereafter be deposited in Reno instead of in Sacramento and San Francisco.

New heads will be appointed in the various branches of the office in San Francisco, Oakland, Sacramento and Fresno. The plans for the reorganization were recently placed before Secretary of the Treasury McAdoo by Scott while he was in Washington.

FEAR FERRY WIFE COUNT.

In accordance with the proposed changes some of the federal employees feel that the status of their party registrations may be germane to the issue, either for promotion or demotion. There is also the shifting of positions or changes of any nature within the federal offices are being closely watched for any indication of aggressive politics on the part of the administration.

IRREGULAR MARKET COURSE CONTINUED Bear Pressure on Wall Street Is Still Only of Technical Character

NEW YORK, Aug. 24.—Irregular price tendencies marked the greater part of today's session, with movements at times distinctly in favor of lower levels, without, however, the accompaniment of active selling or any particular change in sentiment regarding the prospects of further improvement in market values.

The street was bullish for the immediate future, but the disposition of traders and commission-house customers was to proceed with greater caution pending the outcome of the railroad labor controversy and apparently to await developments affecting a prominent munition manufacturing company, which, rumor suggested, was having financial difficulties.

There was a great extension especially in the afternoon dealings, speculative interest turned from the steel stocks to the copper issues in which price improvement was recorded, especially in Inspiration, which sold to a new high, and Tennessee Copper.

Today's general market had for the first time in a week or more a two-sided appearance. Traders who took profits on the advance were anxious to bring about reactions in order to establish a new level for another rise and the public was less in evidence than reported on recent days.

AMERICAN STOCKS IN LONDON.
LONDON, Aug. 24.—The American securities section lost a portion of yesterday's rise in the stock market today, with the exception of U. S. Steel issues, which held firm at dearer prices.

There was a great extension especially in the afternoon dealings, speculative interest turned from the steel stocks to the copper issues in which price improvement was recorded, especially in Inspiration, which sold to a new high, and Tennessee Copper.

PROFESSIONAL COMMENT.
Henry Clews—There is nothing to indicate that the stronger underlings built by the market makers are not a good time to invest in sound securities. It is not time for successfully rocketing.

NEW YORK STOCK RANGE.

INCREASE MARKED IN NAVAL MILITIA

Six New State Divisions and
Seven Aero Sections Are
Added.

WASHINGTON, Aug. 24.—The strength of the organized naval militia increased approximately 20 per cent during the last fiscal year, the navy department announced today, the force now totaling 9300 men and 700 officers.

have been created in the existing organizations of New York, New Jersey, California, Massachusetts, Ohio, Oregon and Rhode Island, the majority of which are now equipped with their own machines. The navy department views these as a valuable reserve for the regular aeronautic service.

The naval appropriation bill which President Wilson is to sign today contains numerous provisions designed to popularize the naval militia service and department officials expect a marked increase in the efficiency and numbers of the militia force as soon as these provisions become effective.

AUTOS HARD COMPETITION.
SACRAMENTO, Aug. 24.—Automobile competition has almost eliminated the passenger business of the Central California Traction Company and the company is powerless to combat the automobile lines running between this city and Stockton. W. P. Neville, local agent of the Central California Traction Company, declared that more automobile buses are now running between this city and Stockton than ever before.

CELEBRATED STAR OF STARS, NORA BAYES. TOPLAY AT ORPHEUM

NORA BAYES.

Vivacious Vaudeville Headliner Opens Sunday Bill

Nora Bayes, proclaimed by New York as the greatest of America's "single" singing comedienne, has been induced to travel across the continent to play in Orpheum vaudeville in the city. Miss Bayes' engagement will begin the week of August 27. Owing to former contracts, she will be unable to play any cities other than San Francisco, Oakland and Los Angeles.

The name of Nora Bayes might be spelled "success," for she has been successful in everything theatrical that she has been associated with. She ranks among the world's most successful women song writers, and the fact that she retains some of the best of her songs for her exclusive use puts her in a class that is limited to very few women.

There are certain songs associated with Miss Bayes that will always be remembered by those who have heard her sing them. For instance, she was the first performer to introduce "Anybody Here Seen Kelly?" to New York a few seasons ago, and, although the song became a part of the repertoire of hundreds of vaudeville, cabaret singers, and others, the memory of when she first sang it is still fresh in the minds of many. When she sang "When Mother Was a Girl" and "Mandy" after hearing them sung by Miss Bayes.

On several occasions musical comedy has set its claim on her. Recently she completed an engagement at Ziegfeld's Midnight Frolic in New York, and she has been the principal comedienne with such aggregations as Weber and Fields, Ziegfeld's Follies and the Winter Garden shows. She was the star of "Little Miss Fix It" and "The Midnight Sons."

In a very short time plans will be accepted and construction work on the branch state house will actually begin, is the statement made at Sacramento.

If you want better street car service SIGN the Charter Amendment Petition now being circulated by the Citizens' Committee, Federal building, Oakland.

New home in Oakland to exchange for clear lot or good ranch property. Address 2936 Ellsworth street, Berkeley.

**New, Positive Treatment
to Remove Hair or Fuzz**
(Beauty Notes)
Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone.—Advertisement.

Double Protection

Golden State Butter is pure—also pasteurized. Its purity is your protection as to quality—the pasteurization protects your health. When you buy Golden State Butter you get both.

California Central Creameries

United Brothers in Grand Session

The grand session of the United Brothers of Friendship and Sisters of the Mystical Tens will close tonight with installation of officers and a program, to which the public is invited. At 6:30 o'clock dinner will be in progress, the banquet room at Forester's Hall, 1216 Clay street, being the scene of the festivities. Grand lodge and grand temple officers were elected late this afternoon.

Last night memorial services were held at the North Oakland Baptist Church, Twenty-ninth street near San Pablo avenue; for members of both orders who had passed away. Both organizations held executive sessions yesterday, followed by a banquet in Forester's Hall.

At a public reception an interesting program was given, the address of welcome to Oakland being delivered by Chief of Police Walter J. Petersen. Rev. G. C. Coleman of the North Oakland Baptist Church acted as master of ceremonies. Morgan T. White, grand secretary of the United Brothers, responded to the welcome of the chief.

**Architects Would Plan
New State Structures**

SACRAMENTO, Aug. 24.—Some sixty California architects have already applied for copies of the program for the San Francisco State building, for which \$1,000,000 worth of bonds were voted at the general election of 1914. The program, which was recently ratified by the State Board of Control, is now in the hands of the state printer, and will be ready for delivery soon. On August 1, State Architect George M. McDougall asked architects to compete for plans and specifications for the construction of the building.

In a very short time plans will be accepted and construction work on the branch state house will actually begin, is the statement made at Sacramento.
